Proceedings of the Madras Government, Revenue Department,
19th May 1864.

No. 216. Read the following letter from E. DETERMER, Esq., Director of the Usine Godavery, to J. D. SIM, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Ingeram, 7th May 1864 :—

SIR,

1. I have the honor to acknowledge receipt of the Proceedings of the Madras Government, Revenue Department, No. 699 of 22nd April 1864, and as I observe that application will be made immediately to the Government of Java for a small quantity of seed, I beg to state for the information of Government, that they might apply for the following two descriptions of rice seed which I know to be superior to all others in the Island, viz. :—

First.—Kandanghauer Paddie, first quality, for seed.

Second.—Best Paddie from the Estate of Boedhi Radja at Indramayoe, for seed.

2. This Paddy must be fresh and well packed in double bags. The Dutch Government ought to have it forwarded *at once* by the Dutch Steamer from Batavia to Singapore in correspondence with the Peninsular and Oriental Steamers, which would bring the seed to Galle and Madras.

3. No time ought to be lost in sending the seed to Coringa by the Coast Steamer, because the sooner it comes the better will be the chance of making a good experiment.

No. 217. ORDER THEREON, 19th May 1864, No. 859.

Application will accordingly be made to the Government of Java.

Deputy Secretary to Government.
