SIR,

In compliance with the Order of Government, dated 14th January 1864, No. 78, I have the honor to submit a revised emergent Indent in duplicate for Instruments required for the Revenue Survey Department.

ward a copy of the Indent for Stores last submitted to England, and to state that the requisition* contained in it has been complied with.

2. In the margin are noted the dates of correspondence on the subject of the supply of Stores and Instruments.

3. One set† of scales for each party and two for the Central Office (eight in all) may be found useful. On enquiry at the Office of Superintendent of Stores, Department Public Works, it was ascertained that none are required by that Department, a good stock being on hand.

4. The Instruments now indented for being of the ordinary kind for Surveys, I do not think any explanatory remarks are required. The stock of Instruments at present in Store being very small necessitates the submission of the Indent referred to in your Memorandum under reply.

No. 234. From the Assistant Revenue Survey Office, to the Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 22nd April 1864, No. 112/23.

SIR,

1. Under instructions from the Superintendent of Revenue Survey I have the honor, with reference to your Official Memorandum No. 56, of the 6th instant, to inform you that steel Standards and Referring lamps are not now required by this Department.

2. The Principal Inspector General of Ordnance and Magazines has this day been addressed by me to state whether the sets of scales referred to in the Superintendent's letter of the 23th ultimo are required by him. No sooner his reply is received than the other information called for will be afforded.

No. 235. From the Assistant Revenue Survey Office, to the Secretary to Government, Revenue Department, Fort Saint George, dated Chepauk, 10th May 1864, No. 154/34.

SIR,

During the absence of the Superintendent of Revenue Survey, I have the honor to acknowledge the receipt of your Official Memorandum No. 76, of yesterday's date, and to enclose an original letter from the Inspector General of Ordnance and Magazines, just now received, in reply to a reference made to that Officer regarding plotting scales.

Dated 9th May 1864, No. 119.

*Proceedings of the Madras Government, Revenue Department,
20th May 1864.*

From Colonel G. W. Y. SIMPSON, Inspector General of Ordnance and Magazines, to Lieutenant-Colonel F. J. B. PRIESTLEY, Superintendent of Revenue Survey, dated Fort Saint George, 9th May 1864, No. 119.

SIR,

With reference to your Assistant's letter No. 11324, dated 22nd April 1864, I have the honor to inform you that the plotting scales are not required for the Ordnance Department. The Superintendent of Stationery has, however, recommended their being taken over for issue to the Officer Commanding Royal Engineers and the Survey School at Head Quarters, Sappers and Miners. I have made a reference to that Officer, and will communicate with you on receipt of a reply.

No. 236.

ORDER THEREON, 20th May 1864, No. 863.

1. The Indent received with the first of these letters will be forwarded to the Secretary of State for early compliance.
2. The Superintendent of Revenue Survey will report to Government, when known, the result of the reference made by the Inspector General of Ordnance and Magazines to the Officer Commanding Royal Engineers respecting the plotting scales received on the Indent of 1861.
