Proceedings of the Madras Government, Revenue Department, 15th January 1864.

No. 179. Read the following Proceedings of the Board of Revenue, dated 4th December 1863, No. 7,626:—

Read the following letter from G. BANBURY, Esq., Acting Collector of Madras, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Saidapet, 14th October 1863, No. 413:—

SIR,

1. With reference to the Board's Proceedings dated the 16th July 1862, No. 4,611, and their Official Memorandum, dated the 4th August last, I have the honor to state that I had a few of the Survey Registers in the Saidapet Talook examined, and found that they have been on the whole prepared carefully. The writing in particular is very creditable to the Curnums.

2. There were a few errors in the total area given of each field, and in some instances, the particular class to which the land belonged had not been given. These errors and defects have been at once pointed out to the Curnums, through the Tahsildar, with orders to have them corrected at once. I have also called for a few more Registers from the same Talook, and some from Trivellur. These will also be similarly examined, and the errors, if any, pointed out to the Curnums.

3. I propose to employ one Gumashta, at the time of the settlement, specially for examining and checking the Registers and other annual accounts. The mistakes found will be set right, and clear instructions regarding correct preparation given to the Curnums.

4. I regret to bring to the notice of the Board, that, as far as I have examined Statement B, being the Register of annual cultivation and settlement for a series of years, and its enclosure, have not been prepared. I have issued instructions to have these important accounts at once prepared, and called for explanation regarding this neglect of orders, promulgated so long ago.

The Board see no objection to the Acting Collector's proposal in paragraph 3 to employ one of his Gumashtas at the time of the Settlement specially for examining the Registers, &c. They trust that due notice will be taken of the neglect of the Curnums to prepare the Register B and its enclosure.

No. 180. ORDER THEREON, 15th January 1864, No. 92.

Ordered to be recorded.
