SIR,

1. I have the honor to submit a Petition from the Merchants of the Port of Keelakarry in Madura, praying that the Custom House may be enlarged so as to afford more shelter for their goods, and that the landing place may be widened, which would then offer greater facilities to boats plying between the shore and the shipping.

2. The first of these works will of course receive consideration in the Revenue Department, and I respectfully suggest that the Superintending Engineer of the Division may be called on to furnish an Estimate of the cost of widening the landing place to the extent required, of which he will judge by actual observation.
