

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No. 959.	Press Mis
53-52	
Dated	6-6-1918

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
6th June 1864.*

No. 53. Read the following Proceedings of the Board of Revenue, dated 25th May 1864,
No. 3,211.

Read the following letter from the Collector of Tanjore, dated Mutupettah, 11th May 1864,
No. 148:—

1. With reference to the Board's Circular (Miscellaneous), dated the 26th November last, No. 7,503, I have the honor to state that means for obtaining seeds and young plants for planting trees, are not wanting in this District, and that the establishment of nurseries for the purpose is therefore in my opinion unnecessary.

2. Indeed, Tanjore has already an abundance of trees and vegetation, and the liberal terms offered by the Tope Rules are so largely taken advantage of by the people in increasing the plantations wherever they are practicable, that no additional encouragement would seem necessary.

3. It is perhaps not out of place here to observe, that in the 116 villages belonging to the Rajah's Chuttrums under the management of Government, and the improvement of which has received no small share of attention and personal supervision from myself, no less than 69,000 trees of various descriptions (and of which upwards of 41,000 are fruit trees), have been planted during the last four years, and earnest endeavours are being made for increasing these plantations. Seeds are also annually being sown in the Government Jungles in the Shialli Talook and at Point Calimere.

4. Much has likewise been done, and is being done by the Department Public Works in improving the plantations and jungles at the heads of rivers, and in the vicinity of anicuts under the charge of that Department.

1. Submitted for the information of Government. The Board learn with much satisfaction that so marked progress has been made in this very important direction, and rely on the Collector not to relax his efforts.

2. They would direct his attention to the planting of Channel banks, and Tank bunds, and to the formation of Casuarina topes in the neighbourhood of his salt stores, as desirable methods of employing the funds at his disposal.

No. 54.

ORDER THEREON, 6th June 1864, No. 959.

Miscellaneous.

The Government are glad to find that so much attention has been paid to planting in Tanjore.

(True Extract.)

(Signed) C. G. MASTER,

Deputy Secretary to Government.

To the Board of Revenue.

Exd. S. T. Augustin.

No. 3211.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 25th May 1864.

Read the following letter from the Collector of Tanjore, dated Mutupettah, 11th May 1864,
No. 148:—

1. With reference to the Board's Circular (Miscellaneous), dated the 26th November last, No. 7503; I have the honor to state that means for obtaining seeds and young plants for planting trees, are not wanting in this District, and that the establishment of nurseries for the purpose is therefore in my opinion unnecessary.

2. Indeed, Tanjore has already an abundance of trees and vegetation, and the liberal terms offered by the Tope rules are so largely taken advantage of by the people in increasing the plantations wherever they are practicable, that no additional encouragement would seem necessary.

3. It is perhaps not out of place here to observe, that in the 116 villages belonging to the Rajah's Chuttrums under the management of Government, and the improvement of which has received no small share of attention and personal supervision from myself, no less than 69,000 trees of various descriptions (and of which upwards of 41,000 are fruit trees) have been planted during the last four years, and earnest endeavors are being made for increasing these plantations. Seeds are also annually being sown in the Government Jungles in the Shialli Taluk and at Point Calimere.

4. Much has likewise been done, and is being done by the Department Public Works in improving the plantations and jungles at the head of rivers, and in the vicinity of canals, under the charge of that department.

1. Submitted for the information of Government. The Board learn with much satisfaction that so marked progress has been made in this very important direction, and rely on the Collector not to relax his efforts.

2. They would direct his attention to the planting of Channel banks, and Tank bunds, and to the formation of Casuarina topes in the neighbourhood of his salt stores, as desirable methods of employing the funds at his disposal.
