*Proceedings of the Madras Government, Revenue Department,
7th June 1864.*

No. 67. Read the following Proceedings of the Board of Revenue; dated 27th May 1864, No. 3,242.

Read the following letter from the Acting Sub-Collector in charge of the Godavery District, dated Cocanada, 29th April 1864, No. 110 :—

1. I have the honor to state that Mr. Morris forwarded to the Superintending Engineer, 1st Division, on the 23rd July 1863, Plans, &c., for new Talook Cutcheries at Ramachendrapur, Amalapuram, and Narsapur, and it appears that Government granted sanction for the construction of the two former only.

Board's Proceedings, dated 15th January 1864, No. 271.
" " 9th April " " 2,151.

2. The necessity of the Talook Cutcherry at Narsapur being very great, I request the Board will be pleased to obtain sanction for the same.

3. The Narsapur Talook is a very large one, and produces a revenue of more than four lacs of Rupees. It is composed of what was formerly the Mogaltur and Nagaram Talooks, the head quarters of the former being Mogaltur, and of the latter Sivacodu; at each of these stations there is a Cutcherry; the one at Mogaltur is a very old dilapidated building, and only used as a receptacle for old records. The one at Sivacodu is in good order, and is used as the Sub-Magistrate's Court and the police station and for some of the records of the old Nagaram Talook.

4. At Narsapur, the head station of the Talook, there is no Cutcherry whatever, and the house in which some records are kept and the Talook officials do their work is a small building rented by the Sub-Collector at 5 Rupees a month.

5. The inconvenience of this arrangement is obvious, and it is highly desirable that a proper Government building should be erected there as a Talook Cutcherry.

1. Ordered to be submitted for the orders of Government.

2. The Board believe that the sanction of Government conveyed in Government Order, No. 72, dated 13th January 1864, Revenue Department, embraced the proposed Cutcherry at Nursapore as well as those at Ramachendrapore and Amalapore; but as no funds appear to have been provided for the Nursapore Cutcherry either in the original or Supplemental Budget for 1864-65, the Board suggest that the cost may be met from the Reserve Fund of the current year, or the work be entered in the Budget for 1865-66.

No. 68.

ORDER THEREON, 7th June 1864, No. 966.

Miscellaneous.

Referred to the Public Works Department. The Order quoted by the Board contains no sanction for the erection of the Nursapur Cutcherry.
