*Proceedings of the Madras Government, Revenue Department,  
8th June 1864.*

No. 84. Read the following Proceedings of the Board of Revenue, dated 27th May 1864,  
No. 3,236.

Read the following letter from the Collector of Malabar, dated Manjeri, 10th May 1864,  
No. 111A :—

1. The Superintending Engineer, 7th Division, at my request made the subjoined entries  
in the (1) Imperial and (2) Income Tax Budget Estimates for 1864-65, respectively :—

|                 |   |                                                                                                                    |       |
|-----------------|---|--------------------------------------------------------------------------------------------------------------------|-------|
| All in Wynad... | { | 1. Travellers' Bungalows at Nadkanny, Bettamund, Panamaram,<br>and Teriote, at Rupees 2,000 each ... ..            | 8,000 |
|                 |   | 2. Halting sheds at Pariah, Bawully, Tippacaudoo, Kudrapandi,<br>Bettamund, and Teriote, at Rupees 540 each ... .. | 3,240 |

2. The first entry is omitted in the sanctioned Imperial Budget, and the Superintending  
Engineer writes, " Now that Bungalows are transferred to Local Funds by order of the  
" Supreme Government, it is no use my asking for money for them from the Imperial Reserve  
" of 1864-65. I therefore hand over the Estimates and Plans to you for disposal, in communi-  
" cation with the Revenue Board."

3. These Bungalows are very much required. The returns from Bungalows are very  
insignificant in this District, considerably  
below the simple expense of maintenance.  
Returns of 1862-63 .. .. 728  
Maintenance .. .. 3,000  
Thatching and repairing, about .. .. 1,781  
Establishment and Contingencies .. ..  
It is impossible to erect new Bungalows with-  
out allowances from the Imperial Funds; and I  
trust that, for those now mentioned at least, provision will be allowed from the Imperial Reserve  
of 1864-65.

4. I also much regret that the Superintending Engineer has found it necessary to strike out  
the estimated provision for halting sheds as he has been informed that the Income Tax allotment  
for 1864-65 will be only Rupees 40,000.

If this sum is all that is allowed for Malabar, I agree with him that the halting sheds cannot  
be provided from it. But they would be eminently useful, and I would fain hope the Board  
may be able to secure some funds for their erection. I regret I cannot find means from the  
other Local Funds, having already had to omit in my Budget Estimate sundry works of an equally  
important character.

1. Ordered to be submitted for the consideration of Government.

2. There can be no doubt that in no part of the country is provision of this kind more  
necessary than in the Wynad, but the Board are not aware how far funds can be made available  
for the present demand.

No. 85. ORDER THEREON, 8th June 1864, No. 975.

**Miscellaneous.** Referred to the Public Works Department, with reference to para-  
graph 9 of the letter to the Government of India, dated 8th January 1864,  
No. 29, and paragraph 2 of the Proceedings of Government in this Department dated 3rd February  
1863, No. 203.
