Proceedings of the Madras Government, Revenue Department,
11th June 1864.

No. 123. Read the following Proceedings of the Board of Revenue, dated 20th April 1864,
No. 2,380.

Read the following letter from the Collector of the Godavery District, dated Cocanada, 4th April
1864, No. 81 :—

1. With reference to your communication of the 12th October 1863, conveying the Order of Government dated 9th idem, No. 1,854, I have the honor to inform you that the Sub-Engineer V. Viranna Rao Bahadur has elected to take the Government waste land at Vetlapalem in the Ramachendrapur Talook, of the annual value of Rupees 100.

2. The land in question has been surveyed and assessed at Rupees 100 by the Revenue Settlement Department as shown in the accompanying Statement. It has however been temporarily rented to the Ryots for the present year (Fusly 1273) for Rupees 525 exclusive of water tax, but the Ryots have no further claim to the land for the coming Fusly, when it can be made over to Viranna Rao Bahadur.

3. The great discrepancy between the new assessment and the present temporary rent has been brought to the notice of the Settlement Department, and the Officiating Director of Revenue Settlement sees no ground for questioning the correctness of the assessment, the lands being red soil, and falling under the classes assigned for the same description of land generally.

The village of Mernipadu has already been granted to him on the calculation of assessment at the new Survey rates.

4. The accompanying Statement exhibits the particulars of the whole grant, and I request, if approved, that the Board will be pleased to prepare a Title Deed and forward it for delivery to the Sub-Engineer. Further particulars of the village of Mernipadu and the lands in Vetlapalem can, if necessary, be obtained from the village Maps and Registers in the Revenue Settlement Office.

5. V. Viranna further requests compensation in the sum of Rupees 800, as particularized in the margin, on the ground that the land was not made over to him in the year in which the grant was authorized by the Government, but this will scarcely be considered admissible. The circumstances of the delay are already before the Board.

*Proceedings of the Madras Government, Revenue Department,
11th June 1864.*

1. Ordered to be submitted for the sanction of Government.
2. If the Sub-Engineer's selection of land is approved, and the Board see no reason to object to it, the necessary Title Deed can be prepared.
3. The claim for compensation on account of delay which was caused by the Sub-Engineer's own acts, appears to the Board to be unreasonable and altogether inadmissible.
