*Proceedings of the Madras Government, Revenue Department,
26th May 1865.*

No. 435. Read the following Proceedings of the Board of Revenue, dated 12th May 1865,
No. 2,144.

Read the following letter from Lieutenant-Colonel F. H. SCOTT, Quarter Master General, to
R. A. DALYELL, Esq., Sub-Secretary to the Board of Revenue, dated Fort Saint George,
9th May 1865, No. 5,222 :—

SIR,

1. In acknowledging your letter of 6th instant, I have the honor to inform you that the Indent to which it gave cover has been passed for 350 pegs for five European Tents, and forwarded for sanction to the Inspector General of Ordnance and Magazines
2. To re-place the three European tents alluded to, an indent has been forwarded to the Conductor, Camp Equipage Depôt.
3. As the tents covering the agricultural implements have been pitched since August last, I request you will inform me whether they are likely to be required for a much longer period.
4. European tents are now very valuable, and cannot be re-placed except at a high price, and as by a recent order of the Supreme Government, extra tent accommodation has been authorized for European troops, whereby all the tents of this description on the returns will be required to meet the extra demand, I am to suggest the advisability of putting up a temporary chupper shed to cover the implements, and thus allowing all the eight tents to be returned into stores.
5. The chupper if originally put up would have been a less expensive arrangement than the exposure of tents for so long a time. They cannot now be worth much.

Under the circumstances stated by the Quarter Master General, the Board will endeavour to dispense with the Tents at an early date. They await the orders of Government regarding the disposal of the Steam Plough, and will shortly address Government on the subject of the few remaining implements.
