*Proceedings of the Madras Government, Public Department,
29th May 1865.*

No. 127. Read the following Proceedings of the Board of Revenue, dated 12th May 1865.

Read letter from G. A. BALLARD, Esq., Collector of Malabar, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue; dated Calicut, 3rd May 1865.

Immediately on receipt of Government Order, dated 24th February last, No. 309, I wrote to Mr. Glasson, asking him, if he still objected to conveying to Government so large a piece of land for a town site as I wished to acquire, if he would lease or transfer a grass hill (part of the land) on which the public offices might be built.

2. I have addressed Mr. Glasson several times; but he simply takes no notice of my letters.

3. Under these circumstances, I would gladly select another site if I could. But after frequently inspecting the country about very carefully, I assert that there is no other place that is any thing like as eligible for the public offices as the grass hill above said, and that there appear to me great objections against the few inferior sites that can be thought of. They are either low and probably unhealthy, or off the main lines of communication, and, from the nature of the country, very inaccessible.

4. This being the case, I trust the Board will support my application not to take up the extent of land before applied for, but to take up, under Act VI of 1857, a portion thereof sufficient for the public buildings and approaches thereto only.

5. I have indicated roughly the portion now applied for on the plan. It may contain from 12 to 14 acres; but as the sides are steep, nothing like that area will be available for buildings. The boundaries may be described as south and west by the high road from Lakadi to Kalpetta, and about 200 yards along a belt of jungle running from the said road towards Konuth stream; north by an imaginary line, about 200 yards in length, across the hill; and east by a line back to the road, and running from 50 to 100 yards above the hollow, which forms the natural boundary of the hill on that side.

Ordered to be submitted for the sanction of Government, with reference to the Government Order in the Judicial Department quoted by the Collector.

2. The Board deem it a matter of public importance that, in so unhealthy a locality as the Wynad, the best possible sites should be secured for public offices, and there seems to be no alternative in the present case but to have recourse to the Act provided for such purposes.

No. 128.

ORDER THEREON, 29th May 1865, No. 568.

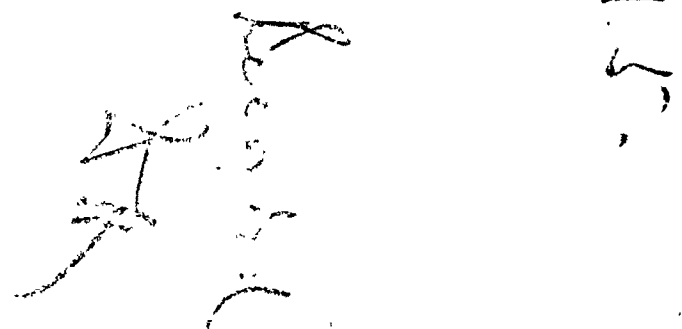

The Governor in Council thinks it advisable that the Collector of Malabar should make one more application to Mr. Glasson, allowing him one month, within which to arrange for the sale of the ground referred to in the foregoing letter, and informing him that, if he does not come to terms within that period, the land will be taken for public purposes under the Act.

2. Meanwhile, the usual Order and Declaration will be sent to the Collector to be acted upon, without reference to Government, if necessary, at the expiration of a month.
