*Proceedings of the Madras Government, Revenue Department,
9th June 1865.*

No. 181. Read the following letter from G. A. BALLARD, Esq., Collector of Malabar, to W. HUDLESTON, Esq., Acting Secretary to Government, Revenue Department, Fort Saint George, dated Calicut, 20th May 1865, No. 66:—

Sir,

- "The Government are not prepared at present
"to grant pensions to persons employed
"in connection with the District Road or
"other Local Funds."

1. I am afraid from the wording of G. O. dated 15th instant, No. 1,015, that I expressed myself obscurely in my letter on which that Order is passed.

2. I beg to observe, that I did not desire that pensions should be granted to persons solely employed in connection with the Local Funds, but only that if previously appointed servants are chosen for special fitness from a regular establishment to serve in connection with these funds, the time so spent (which otherwise would be spent on the regular establishment) should count towards their pension. Thus, I wish now to employ a man who is at present in the Superintending Engineer's Office, and was long with the late Malabar District Engineer's Office, as Local Fund Writer in my office, which place I have been hitherto unable to fill satisfactorily, and which in this District where the funds are so large, is one of no small importance. The Engineer's Clerk is from past experience particularly qualified for the post, and is desirous of taking it, but that he believes (and apparently as the rule now stands with reason) that if he does so his time therein will not count towards his pension. Thus unless the rule is modified Government is deprived of services that would be particularly useful, and a deserving servant is deprived of an opportunity of better pay which his qualifications would otherwise secure him.

3.—I trust I shall be excused for submitting this explanation, and hoping the question may be further considered.

No. 182. ORDER THEREON, 9th June 1865, No. 1,255.

Miscellaneous.

1. It appears to Government that the spirit of the Order of the Government of India in the Financial Department, dated 4th September 1862, No. 300 G., will allow of the time spent by an employee of the Public Works Department in connection with the administration of Local Funds, counting for pension for State service.

2. It is of importance to the State that these Local Funds, which relieve Imperial Funds, should be carefully and efficiently administered, and the best qualified men for the purpose will doubtless be found in the Public Works Department; but the Local Funds could certainly not support a pension list, and men from the general line will not take employment in the Local Fund Department, if their doing so necessarily involves loss of pension.

3. A reference will be made to the Supreme Government on the subject.
