231. 232.

Dated 12/6 - 1865.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
12th June 1865.*

No. 231. Read the following Proceedings of the Madras Government in the
Public Works Department:—

Requesting that instructions may be
issued to the Conservator of Forests to
arrange for Mr. Executive Engineer
Rundall being supplied with a few
pounds weight of the Dalbergia Lati-
folia seed. (Here enter 7th June 1865, No. 1,558.)

No. 232. ORDER THEREON, 12th June 1865, No. 1,279.

Miscellaneous.

1. Forwarded to the Officiating Conservator of
Forests, with the request that he will cause the seed
required to be forwarded direct to Mr. Rundall with
as little delay as possible.
2. Captain Beddome will be good enough to give his attention to the subject
of supplying seeds or plants of valuable timber trees, for trial in favorable situations
where they are not already known.

(True Extract.)

(Signed) J. GROSE,

Acting Under Secretary to Government.

To the Officiating Conservator of Forests, With
Proceedings Public Works Department, No. 1,558.

*Proceedings of the Madras Government, Public Works Department,
7th June 1865.*

No. 177. Read the following Memorandum from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Waltair, 22nd May 1865, No. 124 :—

The Superintending Engineer, 1st Division, has the honor to submit the accompanying original letter, with a view to obtaining a supply of seeds of the Sissoo tree to be forwarded direct, to Mr. Rundall at Razole, in the Godavery District, for distribution in the District.

(Signed) J. G. RYVES, Captain, R. E.,
Superintending Engineer, 1st Division.

From J. W. RUNDALL, Esq., Executive Engineer, to Captain G. J. RYVES, R. E., Superintending Engineer, 1st Division, dated Gannaram, 17th May 1865, No. 16.

SIR,

1. I beg to suggest that application be made to Government to procure some Sissoo (*Dalbergia Latifolia*) seeds for planting out on our channel banks.

2. I have some 25 to 30 trees on the Nagaram banks, which I raised from suckers in 1858, and I shall this year be able to raise some more trees from suckers.

3. As the Sissoo is a valuable timber tree it seems advisable to plant it more extensively, but owing to the seed never coming to maturity on those trees which I have, I can now raise only a few trees from suckers, whereas should seed be obtained from Madras or the North West Provinces other Range Officers would be able to plant out trees. I have each year tried to collect some seeds, but find they fall off in this climate before coming to maturity, although the tree itself grows very quickly, is healthy, and strong.

No. 178. ORDER THEREON, 7th June 1865, No. 1,558.

CIVIL WORKS, No. 35.

The Conservator of Forests will be requested, through the Revenue Department, to arrange for Mr. Rundall being supplied with a few pounds weight of the *Dalbergia Latifolia* seed.
