No. 2152.

To

The Officiating Secretary to the Government of India, Military Department.

SIR,

I am directed by His Excellency the Governor in Council to forward, for the favorable consideration of the Government of India, the accompanying application* from the Agent for Remounts (with the Report† of the Acting Controller of Military Accounts) for the appointment of an additional Serjeant at a monthly charge of Rupees 80-15-0 to the Depôt.

*No. 561, *dated* 10*th April* 1865 †*B.* „ 12*th* „ „ } *Recorded in Pro. of Govt., No.* 2151, *dated* 9*th June* 1865.

2. His Excellency the Governor General in Council will gather from the correspondence marginally cited, a copy of which is also transmitted, that a net profit of Rupees 3,497-11-5 resulted from the cultivation during 1863-64, of only a portion of the land of the Depôt Farm, and that, under the orders of this Government, additional land has been purchased for the Farm.

3. The Agent requires the services of a third Serjeant, to enable him to carry out to the greatest advantage, the farming operation of the Depôt, and as the Governor in Council is satisfied that the additional Establishment is necessary, I am to convey His Excellency's recommendation that the application may be sanctioned by the Government of India.

FORT SAINT GEORGE,

I have the honor to be,
Sir,
Your most obedient servant,

MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Agent for Remounts, Remount Depôt, Oossoor, 10th April 1865, No. 561; to the Secretary to Government, Military Department.

I have the honor to request you will bring to the notice of His Excellency in Council the necessity that exists for the addition of a fourth Subordinate Non-Commissioned Officer to my Department, to enable me to carry out, to the greatest advantage, the farming operations I have been conducting on a limited scale during the past few seasons.

2. I have been hitherto working with only three European Subordinates, and these men have each had a large number of Horses (from 2 to 300) to attend to in addition; but, in consequence of their great exertions and hearty co-operation in the experiment, success has attended the work.

3. I have now, however, had a large increase of land, and a fair supply of new and valuable European Agricultural Implements, requiring more time and attention than they can bestow without neglecting their other work; and I therefore solicit the kindness of Government to grant me a fourth Subordinate permanently.

4. The return of Conductor W. Farmer from furlough to Europe removes from the ~~Remount~~ Depôt Acting Serjeant Brotherrton, who was placed under my orders during Mr. Farmer's absence by G. O. G., No. 1405, 29th April 1863; and I have now to solicit his permanent appointment from the 27th December last, the date of Mr. Farmer's return to Madras.

5. Serjeant Brotherrton has been 2 years attached to the Depôt, and during that time has, in all respects, shewn himself to be exactly the person required for it; he has been brought up practically as a Farmer in Scotland; is acquainted with the construction and use of all the Implements recently received, and can teach the use of them to the native servants; he is a thorough Horseman, and well trained in Stable management; is good tempered with Natives, and can speak Hindoostanee sufficiently well to carry on work with them; he is strong, healthy, active, and fond of his work; and, in fact, all that I could desire in a Depôt Subordinate.

6. It will be in the recollection of His Excellency that the Farm has hitherto returned a very fair profit to the State, and will be more remunerative, I trust, as the work goes on. I am not therefore asking for an increase to my Establishment without providing the funds to meet it. I earnestly hope, therefore, this additional Subordinate may be granted, to enable me to carry on my work as well and expeditiously as possible.
