Secretary to Government.

Proceedings of the Madras Government, Public Works Department, 19th June 1865.

No. 466. Read the following Proceedings of the Board of Revenue, dated 15th May 1865 :—

1. With reference to the Official Memorandum from the Secretary to Government, Public Works Department, dated 3rd February 1865, No. 20, the Board resolve to submit to Government a revised Budget Estimate of charges proposed to be incurred from the District Road Fund during the official year 1865-66, prepared according to the forms furnished by Government. In this Budget, which contains Nos. II. and III. with an Appendix to No. III., according to the new forms, the several works proposed to be undertaken in the Districts both by the Revenue authorities and the Officers of the Public Works Department are shown separately, the necessary columns being opened for that purpose.

2. From the abstract which accompanies these Proceedings, it will be observed that the amount of the balance expected to be found at credit at the beginning of the present official year is Rupees 1,38,857 against 1,27,383, entered in the similar abstract submitted with the original Budget. This increase is owing to the additions in the Budgets of the Districts noted in the margin, of the sums rendered available by the reduction in the per-centage charge on account of Public Works supervision for 1864-65, as the works proposed to be executed by the Collectors out of these sums have been included in the revised Budget now submitted. The amount available from the same cause in the remaining Districts is not, however, brought to account, as the works proposed to be executed were sanctioned before the close of the past official year. The total amount, therefore, now available for expenditure inclusive of the expected receipts in 1865-66 is Rupees 6,32,534.

	Rs.
Nellore...	2,665
Kurnool	799
South Arcot...	5,085
Salem	2,925
Total ...	11,474

3. The expenditure proposed for the year amounts to Rupees 5,89,929 as shown below :—

	To be incurred through the Agency		Total.
	Of Public Works Department.	Of Revenue Department.	
	Rs.	Rs.	Rs.
Original Works	2,30,781	46,495	2,77,276
Repairs	1,31,991	83,180	2,15,171
Public Works Establishment...	.....	.....	36,277
Establishment for Works, Ferries, and Tolls	.....	.....	11,840
Reserve	.....	.....	49,365
Total ...	.....	.....	5,89,929

leaving an expected balance of Rupees 42,605 at the close of the year.

4. In the revised estimates now received the Collector of Salem has made no provision on account of the Reserve Fund, but proposes to expend a sum of Rupees 40,590 on original works and repairs. As it is necessary that 10 per cent. of the estimated receipts should be reserved in each District to meet the cost of any emergent works, the repairs noted in the margin have been struck out from the Collector's Budget of repairs to make due provision for this purpose.

	Rs.
Road from Pennagarum to Palcode ...	1,300
Valava Putti and Iader Palliem road ...	550
Repairs below 250 Rupees	1,250
Total ...	3,100

5. The Board regret the delay that has taken place in the submission of the revised Budget. It was, however, unavoidable, as the Budget estimate from the Salem District was received on the 1st instant only.

6. The Board request that they may be furnished with the necessary number of copies for their own use, and for circulation to Collectors when the Budget is printed.

(A true Extract.)
(Signed) R. A. DALYELL, *Acting Secretary.*

ABSTRACT showing the amount of receipts and charges estimated on account of the District Road Fund in the several Districts of the Madras Presidency during 1865-66.

(Signed) C. G. MASTER,
Acting Sub-Secretary.

MADRAS,
May 1865.

ORDER THEREON, 19th June 1865, No. 1,700.

No. 467. ACCOUNT, No. 83.

1. With their Proceedings above recorded the Board of Revenue submit the Local (District Road) Fund Budget for the year 1865-66.

2. The expenditure proposed amounts to Rupees 5,89,929 apportioned between the Revenue and Public Works Departments as shown below:—

	By the Public Works Department.	By the Revenue Department.	Total.
	Rs.	Rs.	Rs.
Original Works	2,30,781	46,495	2,77,276
Repairs	1,31,991	83,180	2,15,171
Public Works Establishment	.....	.....	36,277
Establishment for works, for Ferries and Tolls	.....	.....	11,840
Reserve	.....	.....	49,365
Total ...	.....	.....	5,89,929

3. Deducting the estimated expenditure from the expected collections* there will be a balance of Rupees 42,605 at the close of the year.

4. Care should be taken that the necessary plans and estimates are submitted for all such works as require, but have not yet received the formal sanction of Government.

5. The estimated cost of the road from Neelapuly to Coringa is entered as Rupees 6,000. It will be observed from G. O. No. 2,280, dated 19th December 1864, Revenue Department, that the correct amount is Rupees 7,510. The necessary correction has been made by this Office.

6. The Government observe that the computed expenditure up to the 30th April 1865, upon some of the works entered in the South Canara Budget, added to the allotment proposed for the current official year, exceeds the sanctioned estimates. In all these cases, supplemental estimates should be submitted for the orders of Government.
