Proceedings of the Madras Government, Public Department,
17th May 1865.

No. 75. Read the following Proceedings of Government in the Military Department.

Communicating a list of Civil appointments, with tabular Statement of present and proposed salaries, submitted by the Head of the Medical Department, for the future administration of the Medical service of this Presidency. (Dated 24th April 1865, No. 1498).

No. 76. ORDER THEREON, 17th May 1865, No. 514.

The Governor in Council approves of the salaries which it is proposed to assign to the several Medical Civil Staff appointments entered in the Statement appended to the Principal Inspector General's letter of the 20th January last, with the following exceptions:—

Medical Officers in charge of Districts, and holding other Civil Medical appointments at the Presidency.—Provision is made for raising the salaries assigned to these appointments, on the incumbents attaining the rank of Surgeon Major, to Rupees 1200 per mensem; the highest salary at present assigned to the appointments in question being Rupees 1000 per mensem, whatever may be the Army rank of the incumbent. The Governor in Council is of opinion that the proposed increase is uncalled for. The appointments, on their present footing, are much sought after. The officers holding them have opportunities of largely increasing their incomes by private practice, and several of them hold Professorships at the Medical College, in addition.

2. For reasons very similar, the Governor in Council considers it quite unnecessary that any addition should be made to the salary of a Medical Officer on the Neilgherry Hills, in the event of his being promoted to the rank of Surgeon Major, while holding that appointment. The maximum salary to be assigned to this appointment should be Rupees 800, which is nearly Rupees 300 more than the salary hitherto drawn. As a general rule it is not desirable that Medical Officers of the rank of Surgeon Major should be appointed to the Hill stations; nor is the Governor in Council prepared to recommend that any Zillah Surgeon should receive more than Rupees 800 per mensem, whatever may be his Military rank.

ORDER, No. 2299, 19th June 1865.

Adverting to paragraph 2 of Proceedings of Government, No. 1498, dated 24th April last, the Governor in Council, on further consideration of the List of Medical Officers required for Military duty, submitted by the Principal Inspector General Medical Department, is of opinion that, with a Civil Surgeon at Vizagapatam and a Regiment of Native Infantry at Vizianagrum, it is not necessary to provide another Medical Officer at the former Station for the charge of the European Veteran Company which is in the course of absorption. This appointment also will accordingly be removed from the list.

2. The Governor in Council approves the salaries proposed by the Principal Inspector General for the several Medical appointments in the Military Department.

3. The Engineers' Establishment, Upper Godavery, having been transferred to the Central Provinces, it will rest with the Government of India, to determine the proper salary to be assigned to the Medical Officer in charge of it—as also to the Surgeon attached to the Mysore Commission.

4. The List of Medical appointments in this Presidency to be provided for, and the proposed rates of salaries as modified in the foregoing Proceedings of Government in the Public Department, will stand as under :—
