Proceedings of the Madras Government, Public Department, 23rd June 1865.

Read the following papers :—

No. 109. From Lieutenant Colonel W. J. WILSON, Commissioner of Police, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George ; dated Madras, 7th June 1865, No. 61.

P. D. 23rd March 1865, No. 814.

With reference to the Order of Government, noted in the margin, I have the honor to report that there is a piece of ground on the southern side of the Yelapauda Mauda Covil road, which appears to be free from objection as a site for the Potters' kilns, and which has been approved of by the Municipal Commissioners.

2. It is paddy land, and measures 5 cawnies, 3 grounds, and 309 square feet, which is sufficient to afford room for the dwelling houses of the Potters of Moersaibpett and Islampett, as well as for their kilns. This piece of ground belongs to one Padawur Canagasabay Moodelly and his family, and the price is roughly estimated by the Deputy Collector at Rupees 2368. There are two large brick wells and 11 Cocoanut trees, the value of which is included in that sum.

3. Since the issue of the Order of Government above quoted, the Potters of Cosapetta of Mylapore have been served with an injunction, ordering them to desist from working, and I, therefore, take this opportunity to mention that, although the site now reported upon is not large enough for the dwelling houses of these last named Potters, yet it contains ample room for their kilns, and as the distance from Cosapetta is somewhat under a mile by the road, they may continue to live in their present houses, and go to their work on the new site, without serious inconvenience.

4. Lest, however, it should be considered that I have under-rated the objection as to distance, I beg to state that there is another piece of ground in the immediate neighbourhood of that abovementioned, which is sufficiently extensive to accommodate the Potters of the three hamlets, both as regards dwelling houses and kilns. It measures 6 cawnies, 14 grounds, and 2080 square feet, but the cost is very considerable, being estimated at Rupees 6000.

5. I herewith forward plans showing the lands in question. That first named is numbered 317, and the other 1103. The distance between the two is about 150 yards.

Referred to the Accountant General, together with the previous correspondence, for report whether the cost of purchasing the first of the two pieces of ground referred to by the Commissioner of Police can be met from probable savings, under the head of the Budget to which the charge properly appertains.

Acting Under Secretary.

FORT SAINT GEORGE,
14th June 1865.

No. 110. From F. LUSHINGTON, Esq., Deputy Auditor and Accountant General, to the Honorable A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George ; dated 17th June 1865, No. 50.

Budget and Finance Department.

With reference to the letter from the Commissioner of Police, No. 61, dated the 7th instant, referred by Government to this Department for report, I have the honor to state that "F. IX. Miscellaneous" appears to me to be the proper head of service to which the cost of land referred to in the above letter, viz., Rupees 2368, should be debited.

2. The Government of India having reduced the provision made by this office under the abovementioned head of service, by Rupees 93,000, I am unable, at this early period of the year, to state whether there will be any savings under it, to meet this charge. It is, however, probable that there will be savings under some other heads of service, and the Government may, therefore, under paragraph 2 of Financial Resolution of the Government of India, No. 245, dated 18th May 1865, direct the disbursement of the charge under "F. IX. Miscellaneous," leaving it to this office to propose a transfer of grant from some other head of account, should the grant under "F. IX." be eventually found insufficient.

No. 111. ORDER THEREON, 23rd June 1865, No. 673.

The Governor in Council sanctions the purchase of the first of the pieces of ground referred to by the Commissioner of Police, and directs that it be allotted to the Potters of Meersaibpett, Islampett, and Cosapettah, as a site for their kilns. The Collector of Madras in communication with Lieutenant Colonel Wilson will at once take the necessary steps for the purchase of this ground, and for closing the existing kilns. As there is sufficient space, the Potters of the two hamlets first named may be allowed to erect their dwelling houses also on this ground.

2. The cost of the ground, viz., Rupees 2368, will be debited to "F. IX., Miscellaneous."
