G.O. No. 1499 Press ~~Mis.~~

1-2

Dated 1-7— 1865.

Not to be folded or roughly handled

No. 1. Read the following Proceedings of the Board of Revenue, dated 17th June 1865, No. 3,287.

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated 27th May 1865, No. 102:—

SIR,

1. I have the honor to forward the Report of the Committee on the Nellore Agricultural Show held on the 23rd and 24th instant.

2. The Show has been good notwithstanding the recent severe outbreak of cholera, and it has been remarkable for the way in which the northern men have brought down their stock; and secondly, for the Show of Cows and Heifers.

3. But agricultural stock having been a success, when there was so much reason to anticipate the reverse, produce has not been satisfactory; and in cotton, in particular, instead of improvement, there has been a falling off.

4. The cotton, for which the first prize was awarded, had been, it will be seen, grown in Kandukuru, on black Cotton soil; the land had been manured; it had not, however, been irrigated; and the yield is reported to have been only 165 lbs. seed Cotton, and 42 lbs. cleaned Cotton the acre. The seed used was New Orleans, and the crop was on the land six months before picking began.

5. For the second prize, a small majority gave some Native Cotton grown in Atmakuru on red soil the preference. This crop had also been grown without irrigation, and had been six months on the ground before picking began. But the yield, the land having been ploughed twice, had been heavier than in the New Orleans on better soil, and half a bushel of seed had given 250 lbs. seed Cotton and 62 lbs. cleaned cotton the acre.

6. Mr. Smith of Nabobpet won the third prize. Here again the Cotton had been grown without irrigation, and on a sandy soil, 7 lbs. New Orleans seed per acre had given, in five months, 125 lbs. seed Cotton, and from 30 to 35 lbs. cleaned Cotton.

7. The special prizes were given for Cotton that had been irrigated; and the samples brought were good. It was in two cases Peruvian Cotton. But the success last year had apparently in no ways effected the area cultivated. The cultivation had been merely experimental. In no instance had enough Cotton been put down for the crop to come within the conditions under which the regular prizes are awarded; and whilst there can be little doubt that Cotton will repay irrigation, it is to be observed, that this year, the Peruvian Cotton is stated to have suffered from the heavy rains in November, whilst the New Orleans, Mr. Smith thinks, would have yielded better, had it had more moisture.

8. Mr. Simpson having kindly given his assistance, we have had this year less difficulty in disposing of the Indigo, and the Board will observe, have had equally little choice. Yet Indigo vats are common enough in this District; it is most desirable that the native manufacturers should be brought within the influence of the Show, should be made to compare the article they turn out with the carefully classed produce of factories under European management; and, whilst I hope by proposing an alteration in the time of the show, to make the exhibition of the cake a more easy matter to the manufacturers, I propose, through the Tahsildars, to place myself in communication with the owners of vats, and see if more exhibitors cannot be induced to come forward next year, and a step taken towards remedying that want of care in preparing the native article for market, that at present greatly affects its value, and leaves in the samples even every variety of quality.

9. In Saltpetre we are doing well, but so long as the present restrictions on the transport of this article are enforced, our influence on its manufacture must be comparatively of little importance.

10. And, as bearing exactly the opposite proportions, it is, with the greatest pleasure, that I beg the attention of the Board to the result of the prizes offered for salt. Along the whole length of our coast, it will be seen, has the effect of these prizes been felt; and whilst on a sea line of 150 miles, in every salt division there has been a direct stimulus to raise the standard of manufacture, owing to the conditions under which salt is sold, it is difficult to say where the benefits of this change will not be felt. Nellore salt is carried to Bellary, to the southern portion of the Nizam's dominions, I have been told by Brinjaries that they take it to Dharwar and Nagpore; and it would be difficult to benefit the people more generally, than by offering prizes for salt. The wide-spread influence exercised by the show on the manufacture, may be gathered from the fact, that the second prize fell to salt made from the Pulicat back-water, whilst the third was won by the pans in the extreme north of the District, where the manufacturers will soon have to contend with irrigation from the Kistna; and in no way can we do more good than in continuing prizes that effect the people so closely, so widely.

11. In implements we are making way, and it may be considered another good feature in the show, that the northern men, this year, brought down for exhibition not only their cattle, but also their ploughs and drills, &c., for agriculture is better understood in Ongole and Kandukuru, than elsewhere in the District. But still, there is little progress as yet in this Department; and for some years to come, all that we can expect is a slight improvement annually as regards the show, and the general effect of men's minds being roused on so important a subject.

12. I will continue to exhibit the Chaff Cutter, and shall be obliged by the Board informing me of its price. There can be no doubt of its success if within the means of the Ryots.

13. And the South Carolina rice, I have the honor to inform the Board, that I propose for the current year to spread the cultivation of, by if possible purchasing some of the seeds grown, and distributing it; for as yet, we have only introduced this decided improvement of an important staple under the Nellore tank, and it would be desirable next year, that we should see the results of its cultivation elsewhere.

14. I had much pleasure in presenting, at the conclusion of the show, four of the gold rings awarded by His Excellency the Governor to exhibitors at the late Addanki Show, who succeeded in carrying off two of the regular prizes, and came to this show to receive these valued prizes. The fifth ring, I regret to say, must be given in due course to the family of the man who won it, as he himself shortly after attended a religious festival in the Kistna District, where cholera broke out with great violence, and, the people flying in every direction, he, with many others, died on return to their village.

15. And the liability of these festivals to produce cholera, is another reason why it is advisable, that the Nellore agricultural show should be held earlier in the year, than at present. I originally proposed the middle of April for the date of the show, to be clear of the Jummahbundi. But by adopting this date, I placed the show after the car feast, and on sanitary grounds, as well as for the reasons referred to by the Committee, I beg now to propose an earlier date; and, trusting that the Board will be pleased to recommend that a similar show be held at the same place next year, I beg to recommend that the dates of the show be fixed for the 22nd and 23rd February next.

16. For the show under report, I enclose the usual Statement of expenditure, amounting to Rupees 2,644-3-9, for which I request that the Board will be pleased to obtain the sanction of Government.

17. And in conclusion, I have the honor to forward herewith detailed reports, as per margin, regarding the culture of the Cotton for which prizes were given, and state that small samples have been put up of the prize Cotton, Indigo, Saltpetre, and Salt, which will be submitted in due course, as directed in the Order of Government of the 11th June 1864, Revenue Department, No. 1,001.

1. Changanti Abbaya of Kamepalli in Kankukuru Talook.
2. Salla Chentsureddi of Mamuduru in Atmakuru Talook.
3. Mr. J. Smith, of Nabobpetta.
4. Kallepalli Seshagiri Row of Katipalli in Gudaru Talook.

ENCLOSURE No. 1.

Report of the Committee on the Nellore Agricultural Show of 1865.

The Collector and Acting Head Assistant Collector, ex-Officio Members of the Committee requested Major Ritherdon, A. M. Simpson, Esq., E. E. Lloyd, Esq., C. Rundall, Esq., Malavi Fassihudin Sahib, Venuganti Venkata Row Pantulu, Rozugirdi Venkatakrishna Row Pantulu, Kanchi Subba Row Pantulu, Puttam Venkata Krishnama Nayadu, Kanchi Balaji Row Pantulu, and Kakuluru Armugom Mudali, to join the Committee and assist in awarding the prizes.

Full grown Bulls. 1st prize...75 Rupees. 2nd do. ...50 ,,

In the class of full grown Bulls, ten animals were exhibited, including the winner of the first prize at the Addanki Show, which, however, was excluded from competition, as it had carried off the first prize at the Nellore Show last year. Another bull, belonging to Lingaladinna Obulu Reddi of the Udayagiri Talook, was also excluded from competition having arrived too late; and under these circumstances, the first prize was awarded to Chaganti Venkaya of Kamayapalli in the Kandukuru Talook; the second to Chaganti Chavaduri Nayadu of the same place, and a special prize of 30 Rupees was awarded to the Udayagiri Bull, as his not arriving in time was owing to no fault of the owners, and had he arrived he would probably have taken a prize.

Five year old Bulls... 1st prize...70 Rupees. 2nd do. ...45 ,,

The five year old bulls, like the full grown, were only a moderate show. The first prize was, however, awarded unanimously to a fine animal belonging to Kakarlapudi Gopal Row of Marlapad, Ongole Talook; the second (also unanimously) to Mallanedi Ramudu of Ponnalur in the Kandukuru Talook, and a special prize of Rupees 20 was given to Bandlamudi Ramaswami of Yenikepadu in the Ongole Talook.

Four year old Bulls. 1st prize...60 Rupees. 2nd do. ...40 ,, 3rd do. ...20 ,,

There were thirteen entries for the four year old the first prize being awarded to Bolineni Adinarayadu of Yenikepadu (Ongole); the second (unanimously) to Bezwada Narsima of Nidamanur in the same Talook; and the third, to Paidi Ramanayadu of Nandipad in the Udayagiri Talook, two special prizes of 10 Rupees each being given to Yedlapalli Pichana of Yenikepadu, Ongole, and Kancharla Kesavalu of Polapalli, Udayagiri.

Three year old Bulls. 1st prize...50 Rupees. 2nd do. ...35 ,, 3rd do. ...15 ,,

There was a very good show of three year old bulls. The first prize was given to Pachava Kodanda Ramudu of Ponnalur in the Kandukuru Talook; the second, to Addepalli Ramudu of Nidamanur, Ongole; and the third, to Bezwada Narsima of the same village; and considering the excellence of the cattle exhibited, the Committee awarded three special prizes in this class of 10 Rupees each to Mandadi Adenna, and Bezwada Yerrappa of Nidamanur (Ongole), and Kollore Kotaya of Lakshmipuram (Darsi).

Two year old Bulls 1st prize...40 Rupees 2nd do....24 ,, 3rd do....12 ,,

The show of two year old was also very good. The first prize was awarded to Bolineni Adinarayadu of Yenikepadu, Ongole; the second to Potu Pichana of Vencanapalem, Kandukuru; and the third, to Addepalli Ramudu of Nidamanur (Ongole); and one special prize of 10 Rupees was given to Kakumani Pullaya of the same village.

Yearling Bulls. 1st prize...30 Rupees. 2nd do....20 ,, 3rd do....10 ,,

There was a marked improvement this year in the show of yearlings. Against eight last year, there were no fewer than nineteen this year; and the first prize was awarded unanimously to Kakarlapudi Gopal Row of Marlapadu, Ongole; the second to Lakkamaraz Adirazu of Mangamur,

Ongole; and the third, to Nalluri Ellappa of Gonugunta, Darsi. The Committee had much pleasure in further awarding three special prizes of 10 Rupees each to (1) Dodla Adivi Reddi of Tarunivaya, Nellore Talook; (2), Donda Venka Reddi of Allur in the same Talook; and (3), Ravula Pera Reddi of Krishnareddipalem, Kavali Talook.

Subsequently a further prize of the same amount was given as a special case to Vemula Akkaya of Mogalicherlain the Kanigiri Talook for a very fine animal, which arrived too late to compete, owing to the owner having been detained on the road by illness.

Full grown cows ... 1st prize...55 Rupees. 2nd do....35 ,, 3rd do....20 ,,

Last year only eight Cows were exhibited, and the Committee characterised them "as a very poor show." This year there were twenty-five, and the Committee were unanimously of opinion that the animals exhibited were deserving of all praise. The first prize was awarded unanimously to Nellapaveni Ramudu of Ponnalur, Kandukuru; the second to Donempudi Tatigadu of Nidamanur, Ongole, (the animals exhibited being respectively the winners of the first and second prizes for the full grown heifers at the last Addanki Show); and the third prize was given to Guntur, Subbaya of Yenikepadu, Ongole Talook. Special prizes of 10 Rupees were also given to Potu Vencatanarsu and Babur Ramudu of Vencanapalem, Kandukuru; third, to Bommideni Peddaya of Yenikepadu, Ongole; and fourth, to Mr. Stacker of Garamavapenta, Udayagiri.

Four year old Heifers. 1st prize...45 Rupees. 2nd do. ...30 ,, 3rd do. .. 15 ,,

Of four year old heifers the show was also most satisfactory. The first prize being given to Addepalli Ramudu of Nidamanur, Ongole; the second to Kanta Govindu of Paidipad, Kandukur; the third to Kanduru Perapa Nayadu of Nidamanur, Ongole. Whilst two special prizes were also given in this class, the first to Donempudi Ramadu; the second to Yistalla Narasadu respectively of Nidamanur and Tangatur in the Ongole Talook.

Three year old Heifers. 1st prize...35 Rupees. 2nd do. ...20 ,, 3rd do. ...12 ,,

The show of three year old was likewise very satisfactory, though there were not so many animals exhibited as in the previous class. For these heifers, the first and second prizes were awarded unanimously, the first, to Yechuri Singari of Tangatur, Ongole; the second, to Ravulapalli Ramudu of Venkanapalem, Kandukuru; and the third to Mittasovala Chendrigadu of Nidamanur, Ongole; one special prize of 10 Rupees being awarded to Pasuparti Kondadu of Karumanchi in the same Talook.

Two year old Heifers ... 1st prize...30 Rupees. 2nd do. ...15 ,, 3rd do. ...12 ,,

Yearling Heifers... ... 1st prize ... 25 Rupees. 2nd ,, ... 12 ,, 3rd ,, ... 10 ,,

For two year old heifers there were four, and for yearlings two entries, but the Committee, viewing with satisfaction the progress made in bringing forward heifers of these ages, awarded in the two year old, the first prize to Mittanusala Kondadu of Tangatur; the second to Piduguralla Venkatigadu of Nidamanur; and the third to Mamidi Nagadu of Yendlur, all in the Ongole Talook; and in the yearlings the first prize was given to Potu Pichana of Venkanapalem, Kandukuru; and the second to Koppolu Appichetti of Gundalammapalem, Nellore Talook.

Working Cattle ... ... 1st prize ... 70 Rupees. 2nd ,, ... 45 ,, 3rd ,, ... 20 ,,

There were eight entries of working cattle; and, though so few, the Committee were of opinion that the class was well represented, and the three pairs to which the prizes were awarded were first rate animals, very superior to those shewn last year. They drew with ease a load of two tons, on a metalled road, and the bullocks of Kondaru Perapa Nayadu, to whom the first prize was awarded, a remarkably fine and large pair, not only drew the load with the greatest ease, but turned it and dragged it out of heavy sand by the side of the road without any difficulty. The first prize having thus fallen to the Ongole Talook, the second was awarded to Chaganti Venkaya of Kanepalli in the Kandukuru Talook; and the third to Bezwada Narsimma also of the Ongole Talook.

Country Ponies.

Full Grown Stallions ... 1st prize ... 40 Rupees. 2nd ,, ... 30 ,,

The show of full grown Stallions was far superior to that of last year. The first prize was awarded to Divianadan Pillai for a well bred Mahratta pony; and the second, to Kakarlapudi Gopal Row for a strong built poney bred by himself at Marlapad.

Full grown Mares ... 1st prize ... 35 Rupees. 2nd ,, ... 30 ,, 3rd ,, ... 25 ,,

For this class there were six entries against four last year. The first prize was given to Kantabattani Papireddi of Nellore; the second, to Velamuri Ramichetti of Obalayapalli, Rapuru; and the third, to Dolla Adivireddi of Tarunivaya, Nellore Talook.

Fillies..... .... 1st prize...25 Rupees. 2nd ,, ...20 ,, 3rd ,, ...15 ,,

There were two entries in this class, and the prizes were awarded, respectively, the first to Amancherla Lakshmaya of Mamaduru in the Atmakuru Talook; and the second, to Vinjam Lakshmaya of Bodduvaripalem, Nellore.

Sheep.

Rams..... .... 1st prize...30 Rupees. 2nd ,, ...15 ,, 3rd ,, ...10 ,,

There were seventeen entries under the head of rams, and the first prize was given to Bussing; the second to Dadi Venkatanarsu, both of Nellore; and the third, to Addipalli Ramanna of Nidamanur, Ongole.

Goats.

He-Goats... 1st prize...15 Rupees. 2nd ,, ...13 ,, 3rd ,, ...10 ,,

For he-goats there were only six entries, and the first prize was given to Pengani Venkata Reddi of Zorapalli, Rapur; and the second and third to Fakirhammad and Mr. Tyrell, both of Nellore.

She-Goats... 1st prize ..15 Rupees. 2nd ,, ...12 ,, 3rd ,, ...10 ,,

For she-goats, of which there were eighteen entries against five last year, the first prize fell to Khadar Sahib; the second to Mr. Tyrell; and the third to Mr. Mackindray all of Nellore.

Agricultural Produce.

Cotton ... ... 1st prize ... 200 Rupees. 2nd ,, ... 100 ,, 3rd ,, ... 50 ,,

The Cotton exhibited on this occasion was, the Committee are sorry to observe, decidedly inferior to that shewn last year. The first prize was awarded to Changanti Abbaya for New Orleans grown at Kamepalli in the Kandukuru Talook; the second to Challa Chentsu Reddi of Mamuduru in the Atmakuru Talook; and the third to Mr. J. Smith of Nabobpetta; three special prizes being awarded, one of 15 Rupees to Kallipalli Sheshagiri Row of Kantipalli, Gudur; another of the same amount to Kavali Narasimulu of Pottapudi, Nellore Talook; and a third of 10 Rupees to Kalichetti Venkata Reddi of Marpur in the Rapuru Talook.

Indigo ... ... 1st prize ... 100 Rupees. 2nd ,, ... 50 ,, 3rd ,, ... 25 ,,

There were only three competitors in Indigo, and that for which the first and second prizes was given was decidedly good; the first prize was given to Mr. Smith of Nabobpetta for Indigo manufactured in Messrs. Arbuthnot & Co.'s factories; and the second to Chaganti Abbaya, for Indigo grown and manufactured at Kamepalli, in the Kandukuru Talook.

Saltpetre ... ... 1st prize ... 50 Rupees. 2nd ,, ... 25 ,, 3rd ,, ... 10

For saltpetre there were eleven exhibitors. The first prize was awarded to Pallaganti Pedda Subbaya of Nellore; the second, to Nullangi Ramaya also of Nellore; and the third to Visuvanada Venkaya of Pedur in the Gudur Talook.

Salt ... ... 1st prize ... 100 Rupees. 2nd ,, ... 50 ,, 3rd ,, ... 25 ,,

There were twenty-six entries in this class from all parts of the District except Krishnapatam, where there happened to be no manufacture this year. The first prize was awarded to Golla Yadadu of Gogulapalli in the Nellore Talook; the second to Kamireddi Ramireddi of Tada; and the third to Kukkala Chinna Reddi of Kanuparti in the Ongole Talook. And two special prizes of Rupees 15 were also awarded, one to Solayapha Mudali of Sunnapagunta in the Madras District, another to Kandula Jangadu of Gogulapalli.

Agricultural Implements.

A cotton gin of the same make as that sent up for exhibition by Government, (the cottage saw gin) was exhibited by Mr. Smith of Nabobpetta, but the working of this machine was considered unsatisfactory both by the Committee and by the native merchants who were consulted, and gave it as their opinion, that, though the cotton was well cleaned, the fibre was so much injured that it would be difficult to make strong thread from it.

The Chaff Cutter sent up by Government was also exhibited, and used for cutting up Paddy, Straw, and Jonna. As regards the working of this machine there was but one opinion, and, if the price should be moderate, there seems every probability that it could be introduced into this District with great success.

* Rupees 50.

There were two exhibitors of carts, and the first prize* was awarded to Kondur Pera Reddi of Zarugumalli in the Kandukuru Talook. The second prize was not awarded, as the cart was not considered worthy of it.

Ploughs... { 1st prize...15 Rupees. / 2nd ,, ...15 ,,

For ploughs, the first prize was awarded to Bolinedi Adinarayadu of Yenikepadu in the Ongole Talook; the second to Anam Lakshminarsu Reddi of Nellore.

* Rupees 15.
† ,, 10.
‡ ,, 3.

In drills again Bolinedi Adinarayadu was the successful competitor,* and for a roller† and turf cutter‡ prizes were awarded to Ryots of the Nellore Talook, rather to encourage future efforts than for the excellence of the articles exhibited. The other implements shewn were not considered worthy of a prize.

The Committee also examined, with much interest, a model for drawing water exhibited by Kanchipuram Sivasankaram Mudaliar, Tahsildar of the Rapuru Talook. The principle of this machine, is the application of bullock power to a vertical drum working two buckets, with a yoke so adjusted to the draught beam, that when one bucket has been drawn up, the bullock can be turned round, without being taken out, and draw up the other bucket, whilst at the same time lowering the one just emptied. The yoke works on a pivot, and it is stated that the machine effects a great saving of labour, and the Committee understand is now in use in Venkatagiri, and is being introduced into the Rapuru Talook. But without seeing its work, the Committee are unable to give any decided opinion as to its efficiency; though it seems unquestionably an ingenious contrivance and well worthy of a trial.

Some fine Indian corn was also exhibited grown by Zakka Lakshma Narasa Reddi of Donnaramadugu in the Nellore Talook from American seed received from Government; and Kantabattuni Papi Reddi exhibited specimens of rice grown from South Carolina seed, which was considered by the Committee to be superior to that generally grown in the District, being large, white, and well shaped. There were also some potatoes shewn by Divianaden Pillay, Inspector of Police, in the Guduru Talook, which, however, were not considered equal to some shewn last year, and grown in Nellore.

In conclusion, the Committee have to report on the general results of the show.

Owing to the late severe outbreak of cholera, a good show was not anticipated, and the Committee were, therefore, agreeably surprised to find, that both in the number and quality of the cattle exhibited, the show was superior to the last. Especially the Committee would draw attention to the very satisfactory increase in the number of Cows and Heifers shewn; most of which, however, they observe, came from the north of the District, and several of them, they would further observe, being the prize animals at the last Addanki Show.

In Salt also, the show was highly satisfactory, and likely to have a most beneficial effect on the manufacture of this important item of food.

The exhibition of Saltpetre was considered very fair, and the number of exhibitors was greater than last year; and in fact it was only in Cotton and Indigo, that the Committee were disappointed. For the falling off in the former, they are wholly unable to account, but in the case of Indigo, it

seems probable that the lateness of the season may have prevented a greater number of exhibitors from coming forward; and, recognising that the show has this year been postponed on account of the outbreak of cholera, they would still recommend, that it should, if possible, be held next year earlier than the date for which it was originally fixed for this year.

ENCLOSURE No. 2.

ABSTRACT.—Detailed reports regarding the culture of Cotton for which prizes were given at the Nellore Agricultural Show held on the 23rd and 24th May 1865.

ENCLOSURE No. 3.

ABSTRACT.—Lists shewing the names of the exhibitors, and the cattle, &c., brought to the Nellore Agricultural Show held on the 23rd and 24th May 1865.

ENCLOSURE No. 4.

ABSTRACT.—Memorandum of expenses incurred on account of the Agricultural Show held at Nellore on the 23rd and 24th May 1865.

---

1. Submitted to Government, with the Board's recommendation that the charges of the Show, amounting to Rupees 2,644-8-9, be sanctioned. Though postponed in consequence of the outbreak of cholera, the show appears to have been upon the whole decidedly successful. The anticipations formed last year, on the subject of Cotton cultivation, have unfortunately not been realized, and the exhibition of Indigo was poor. Salt and Saltpetre seem, however, to have been produced of first rate qualities, and as observed by Mr. Dykes, the effect of the exhibition upon the general manufacture of Salt in his District is likely to be most beneficial.

2. With reference to paragraph 12 of his report, Mr. Dykes will be informed that the Mint Master reports that he can turn out Chaff Cutters similar to that supplied to Nellore at Rupees 35 each.

3. The Board request permission to convey to the Members of the Committee the thanks of Government for their honorary labors, and they trust that sanction may be accorded to Mr. Dykes's proposal to have similar exhibition next year on the 22nd and 23rd of February.

No. 2.

Miscellaneous.

ORDER THEREON, 1st July 1865, No. 1,499.

The Government consider that the results of this Exhibition, as reported, are decidedly satisfactory, more especially as regards the younger classes of stock, testifying to the marked effect which the exhibitions have produced in the District.

2. The charges amounting to Rupees 2,644-3-9 are sanctioned, and the proposal to hold a similar Exhibition in February 1866 is approved.

3. The Board will convey the thanks of Government to the Prize Committee for their services on the occasion.

Exd. S. T. Augustin.

To

J. W. B. Dykes Esquire

Collector of Nellore

Arzi presented by Chaganti Abbaya

an inhabitant of Ramapalli in the Kandukur Taluq

I have sown in August last, "Rafetakiu",

about one maund of American cotton seed in 3 acres

of Dry regada land which I manured &c. in the village

of Navaram.

2 I have taken great care in protecting the

Crop from February to April, the Cotton being picked during

this time.

3 The whole crop amounted to 20 maunds inclusive

of seed.

4. When the Cotton was cleaned the outturn

was 5 Maunds.

5 Of the said 5 Maunds 4 Maunds -

have been packed and brought with me on a bandy on the 22nd. The Cotton has been grown by myself and not otherwise. I beg to produce this report. 22nd May 1865.

I have the honor to be Sir
Your most obedient Servant
(Signed) Chagan de Abbaya.

To,
J. W. B. Dykes Esquire
Collector of Bellary

Arzi presented by Challa Chenchureddi inhabitant of Manadam in the Manakam Taluq.

I beg to produce for the Agricultural Show to be held on the 23rd and 24th instant at Bellary a bundle of 4 Maunds of Cotton which is equal to 100 lbs grown this year in the same kind of soil.

1 This Cotton is the produce of the country seed only called "Chenn patti Vittulu."

2 The seed was sown in dry land of a reddish color; and 3 Kuduvanna (1½ bushels) of seed were sown in 3 acres.

3 This land was not irrigated.

From the time the seed was sown to the time of produce 6 months have elapsed.

The Outturn per acre was 16 Maunds of Cotton which cleaned would be 2½ Maunds.

In cultivating this Cotton, the land was ploughed twice and sown by "Gorte."

This Cotton is principally cultivated in "Arlesha Harte"

I produce for inspection a portion of the Cotton produced in this land. I have brought also some seed.

(Signed) Challa Chenchureddi.

Memorandum.

1st From what seed the Cotton was grown, and if exotic seed was used, whence it was obtained.

From New Orleans supplied by the

Board of Revenue.

2nd The locality where sown.

Nabobpett in the neighbourhood of Vellore.

3rd The soil

Sand mixed with clay.

4th The area sown and the quantity of seed used..

3 acres. 20 lbs of seed used.

5th. Whether irrigation was applied, and if so to what extent.

No irrigation was applied.-

6th The date of sowing and time the crop took before picking began.

Was sown in the beginning of September 1864, and picked in January 1865.

7th The outturn per acre (1) of seed Cotton and 12/ of cleaned Cotton.

1. Outturn per acre of seed Cotton about 125 lbs.

2 of cleaned Cotton about 30 to 35 lbs

General Remarks. None. except that the Climate was not the outturn of the above cultivation would have shewn better results.

Nabobpett 22d May 1865

To, J. W. B. Dykes Esquire

Collector of Vellore

Argi presented by Kallepalli Venkajee now

As regards the Cotton I produced for the inspection of the Committee for the exhibition. I beg to answer here under the several points published in the Gazette of 18th March 1865.

1 This is the Peruvian Cotton seed received from the Board of Revenue and given to me by the Collector.

2 Sown in Nantepalli our Shotrem village

3. The land is a garden parted and gravelly soil.

4 One seer of seed is sown in an acre of land

5 The seed was sown when the land was moist, and after the plants had germinated, the land was watered for 4 months at intervals of 5 or 6 days.

6 The seed was sown in August and commenced to yield in February.

7 About 15 lbs of Cotton has been grown upto this time in an acre of land and the plants are still yielding.

8 Nothing particular in cultivating it, the land is ploughed 5 or 6 times, Manure and "Patimuttu" are mixed, formed into Channels, and the seed is sown in it. For 4 months after the plants had germinated the crop was thriving well. But it rained heavily in November and the leaves commenced to shrivel and

and the growth of the crop was affected in the month of January when the "Paraghali" or sea breeze commenced to blow, and the plants rallied and commenced to yield. The growth of the plants having been stopped, the yield has been partial..

Signed/ Kallepalli Seshagiri Ram

Encl. No 4

In a letter from the Collector of Bellary to the Board of Rev. Madras, dated 24th May 1865 No. 102. —

Encl. 4 in 2 Pts 1865.

R 1670/65

Memo. of Expenses incurred on account of the Agricultural Show held at Bellary on the 23rd & 24th May 1865. —

38

R. 1499.

The Govt consider that the results of this exhibition as reported are decidedly satisfactory more especially as regards the younger classes of stock testifying to the marked effect which the exhibitions have produced in the District.

The charges amounting to Rs. 2,644-8-9 are sanctioned, and the proposal to hold a similar Exhibition in February 1866 is approved.

The Board will convey the thanks of Govt to the Prize Committee for their services on the

the occasion.
