* This amount was by a misprint given as 996-5-11 in the Board's last Statement.

† The total amount of the pensions in Bellary for 31st December 1863 was given in the last Statement at Rupees 3,676-8-0; but this amount included, by oversight, a Yeomiah of Rupees 45-15-0, which had lapsed on 11th March 1863.

1. Ordered that the foregoing Statement be submitted to Government with reference to Government Order, 8th August 1864, No. 1,424, communicated to all Districts with the Board's Standing Circular No. LXVIII., dated 9th September 1864.

2. The Collector of Bellary states that the Yeomiahs in his District have been now re-classified with reference to the Government Orders passed on them, and that this has caused some variation between the entries for 31st December 1863 in his last and present Statements respectively.

3. The Government will perceive that a new column headed, "Requiring "report after lapse and more than one life," has been now opened in the Board's General Statement under each of the major heads "Service" and "Charitable," similar to that under the other major head "Subsistence."

4. The Board also propose directing the Collectors to omit from future Statements of a similar kind, the columns for Annas and Pice, and to give instead the amounts of the Yeomiahs in whole Rupees without the fractional parts. These Statements being distinct from the Annual lists forwarded by the Collectors, under Government Order No. 20, dated 5th January 1861, and being intended merely to shew in one view the increase or decrease in Yeomiah allowances at the end of each year, the omissions of the fractional parts as above proposed appears desirable.

5. The number of subsistence life-pensions in the Madras District having increased from nineteen to thirty-eight, the Collector should have briefly explained the cause of the change.

6. Collectors will be requested to note and explain any great variation, like the one noticed in the preceding paragraph, whenever they may occur.

7. The Collector of South Arcot states, that his Return does not include the pensions granted to Cavilgars, Dehat Inámdars, Jaghiredars and Dutta Maniemdars, and the Board presume that this exclusion is in accordance with the intention of Government when calling for these Statements.

8. From the present Statement of the Collector of Malabar (which is, however, not furnished in the required Form subjoined to the Board's Miscellaneous Circular No. LVIII., dated 1st June 1864,) it would appear that the amount of the single Yeomiah paid in that District is Rupees 56 per annum, the amount Rupees 4-10-8 entered in the last Statement being but a monthly instalment of the annual allowance.

9. The Collectors of Nellore and Trichinopoly will be good enough to explain the following discrepancies apparent in their Statements respectively.

In Nellore there were on the 31st December 1863 and 1864 respectively twenty-seven subsistence life-pensions; but their aggregate amount on the first mentioned date is given at Rupees 82-2-3, and on the last mentioned date, at Rupees 82-7-4.

In Trichinopoly there were eleven subsistence life-pensions on the above-mentioned dates, respectively; but in the Collector's last Statement the total amount of these pensions for 31st December 1863 was given at Rupees 903-6-0, and in his present Statement, for the same date, at Rupees 919-13-10 without any apparent cause for the increase.

10. According to the General Statement now submitted to Government, the Yeomiahs current on 31st December 1863 amounted on the whole to Rs. 65,593-0-11 and on the 31st December 1864, to Rs. 64,795-7-3, or Rupees 797-9-8 less than the former amount as detailed below:—
