No. 203. Read the following Proceedings of the Board of Revenue, dated 23rd June 1865, No. 3,481.

Read the following letter from E. G. R. FANE, Esq., Collector of Madras, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated Sydapett, 8th June 1865, No. 153:—

SIR,

1. In continuation of my letter, dated the 31st May last, I have the honor to state that, in case it be finally decided, that the sheds facing the Evening Bazaar should be removed from their present site, the Deputy Collector of Madras reports that the only place available for putting them, is in Nyniappa Naiken's street, in front of the row of houses there situated, as shewn in the enclosed plan.

2. The Deputy Collector states that the street above alluded to, is broader than the one where the sheds are at present, and proposes to leave a roadway of 15 feet between the houses and the proposed site of the sheds; and that by this arrangement the width of the road between the proposed site of the sheds and the railings of esplanade facing them would still be 120 feet.

3. I have personally inspected the locality, and consider that it is as objectionable as the other, and therefore am unwilling to recommend the site for the purpose.

4. If the Board and the Municipal authorities agree with me, the only alternative is, to compel the shop-keepers in question to remove their wares every evening after the bazaar hour, as many other petty dealers do now in the same locality.

5. The only possible objection to this course is that the iron and glass wares, which are now sold in the sheds in question, are too heavy and cumbersome for moving about every day; but this cannot be helped.

ENCLOSURE No. 1.—Plan.

Submitted to Government in continuation of the Board's Proceedings, dated 17th June 1865, No. 3,304.

No. 204. ORDER THEREON, 12th July 1865, No. 1,602.

Miscellaneous.

1. Transferred to the Military Department, in continuation of G. O. dated 30th June 1865, No. 1,491, Revenue Department.

2. It does not appear in any way incumbent on Government to provide a new site in cases where parties either are removed as trespassers on public land, or receive compensation for their land required for public purposes.

3. The authority under which quit-rent or ground-rent was charged for unauthorized encroachment on the esplanades should be carefully sought out before the fact is admitted as foundation for a claim to compensation.

It does not appear in any way inconsistent with Govt. to provide a certain site in open Bazaars for the removal of persons on public land or make compensation for such land required for public purposes

The authority Govt. may have exercised must be changed from month to month according to circumstances. It will be carefully kept in mind by the Executive
