245. 246

Dated 14-7-1865.

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department, 14th July 1865.

No. 245. Read the following Proceedings of the Board of Revenue, dated 5th July 1865, No. 3,770.

Read the following letter from E. G. R. FANE, Esq., President of the Model Farm Committee, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 28th June 1865, No. 177:—

SIR,

1. I have the honor to acknowledge the receipt of the agricultural implements, as per margin, which accompanied your Official Memorandum of the 26th instant, to the address of my Secretary: I regret, however, to state that, as none of the buildings at the Model Farm are yet erected, I have had to put both these instruments and those previously received in the kitchen and stables attached to the Cutcherry, which were repaired at my own private expense; and which places also are not at all properly protected. The instruments, therefore, run a great risk, as any one screw or other piece of iron lost or pilfered may render a valuable piece of machinery worthless.

3	Horse Hoes with two poles.
17	Drummond Scythes.
1	Vulcan do.
1	Barrow Drill.
1	Corn Screen.

2. I beg, as President of the Farm Committee, also to inform you, that even when the buildings in the Rosham Bagh are completed, they will neither be big enough, nor secure enough, to receive the number of valuable agricultural instruments either already sent, or to be sent from your Board, and I would suggest, therefore, that you obtain sanction for the erection of a rough weather-proof shed at the Cutcherry at Homes' Gardens, where the articles could be stored and placed under proper supervision.

1. The Board understood from the Secretary to the Farm Committee before despatching the implements, that temporary accommodation could be provided at Homes' Gardens, pending the erection of the buildings by the Model Farm.

2. With reference to paragraph 2 of Mr. Fane's letter, the Board would suggest that the Farm Committee address Government on the subject of the necessary buildings, as the Board are under the impression that, among other objects in view, the Farm was established for the special purpose of exhibiting the implements to which Mr. Fane refers. It is very desirable, therefore, that roomy and commodious buildings should be erected in which they can be kept when not in use.

No. 246.

Miscellaneous.

ORDER THEREON, 14th July 1865, No. 1,623.

1. The Farm Committee must provide out of their building grant efficient means of lodging and safely keeping the implements that may from time to time be sent to them.

2. The main object of establishing the Farm is to exhibit in action these various improved implements, and to prove their value by the results, and the Government desire that attention be not too much directed to stock, although no doubt to some extent stock keeping will be an economy on the Farm.

(True Extract.)

(Signed) W. HUDLESTON,
Acting Secretary to Government.

To the Farm Committee.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 5th July 1865.

Read the following letter from E. G. R. FANE, Esq., President of the Model Farm Committee, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 28th June 1865, No. 177 :—

1. I have the honor to acknowledge the receipt of the agricultual implements, as per margin, which accompanied your Official Memorandum of the 26th instant, to the address of my Secretary: I regret, however, to state that, as none of the buildings at the Model Farm are yet erected, I have had to put both these instruments and those previously received in the kitchen and stables attached to the Cutcherry, which were repaired at my own private expense; and which places also are not at all properly protected. The instruments, therefore, run a great risk, as any one screw or other piece of iron lost or pilfered may render a valuable piece of machinery worthless.

3 Horse Hoes with two poles.
17 Drummond Scythes.
1 Vulcan do.
1 Barrow Drill.
1 Corn Screen.

2. I beg, as President of the Farm Committee, also to inform you, that even when the buildings in the Rosham Bagh are completed, they will neither be big enough, nor secure enough, to receive the number of valuable agricultural instruments either already sent, or to be sent from your Board, and I would suggest, therefore, that you obtain sanction for the erection of a rough weather-proof shed at the Cutcherry at Homes' Gardens, where the articles could be stored and placed under proper supervision.

1.—The Board understood from the Secretary to the Farm Committee before despatching the implements, that temporary accommodation could be provided at Homes' Gardens, pending the erection of the buildings by the Model Farm.

2. With reference to paragraph 2 of Mr. Fane's letter, the Board would suggest that the Farm Committee address Government on the subject of the necessary buildings, as the Board are under the impression that, among other objects in view, the Farm was established for the special purpose of exhibiting the implements to which Mr. Fane refers. It is very desirable, therefore, that roomy and commodious buildings should be erected in which they can be kept when not in use.
