Proceedings of the Madras Government, Revenue Department, 21st July 1865.

No. 389. Read the following Proceedings of the Board of Revenue, dated 14th July 1865, No. 4,008.

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated 30th June 1865, No. 155:—

SIR,

1. Government having, in their Proceedings of the 5th July 1864, No. 1,155, Revenue Department, paragraph 3, expressed their willingness to make over to the Irrigation and Canal Company, for the purposes of their Company in this District, a definite extent of wood proportioned to their actual wants within certain boundaries, they being charged for the wood therein at the established rates, I was required by the Board in their Proceedings of the 8th idem, communicating the above Order, to report in due course the result of the offer to be thus made to the Company.

2. Mr. East, the Company's Executive Engineer in this Division, having made no selection of the wood the Company would require in reference to the above Government Order, I called on him, under date the 21st instant, for an early decision in the matter, and from his reply of the 23rd, No. 239, copy of which I enclose, the Board will see that "because of uncertainty as to the works of "this Division, and of their inevitable postponement," he thinks "that any ar- "rangement of terms for the privilege of cutting wood would be premature and "inapplicable."

3. I, therefore, do not propose at present to take any further steps in the matter, and should the question be mooted hereafter, will act on the orders under acknowledgment.

ENCLOSURE No. 1.

From F. EAST, Esq., Executive Engineer, Nellore Division, to J. W. B. DYKES, Esq., Collector of Nellore, dated 23rd June 1865, No. 239.

1. Having reference to your letter No. 306 of the 21st instant, I think that because of uncertainty as to the works of this Division, and of their inevitable postponement, that any arrangement of terms for the privilege of cutting wood, as a material for our works, would be premature and inapplicable.

2. I do not precisely know at the moment how past arrangements apply to what we have done; but these can be inquired into and adjusted. As regards future arrangements, these, I propose, should have their consideration deferred.
