Dated 26-7-1865.

Not to be folded or roughly handled

No. 467. Read the following Proceedings of the Board of Revenue, dated 17th July 1865, No. 4,095.

Read the following letter from E. B. FOORD, Esq., Acting Collector of Ganjam, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated Chetterpur, 14th June 1865, No. 736 :—

SIR,

1. I have the honor to forward herewith copy of a letter received from the Executive Engineer, recommending the appointment of two Lascars for watching the Calingulahs near Coosoompoor and Angoo villages in the Berhampur Talook, on a monthly pay of Rupees 3½ each. One of the works will irrigate about 1,500 acres, while the other will secure a constant and regular supply of water to a large reservoir called Coratooly Tumparah, which irrigates the lands of several villages, amounting to more than 4,400 acres. Without these Lascars, the works will either be washed away, or the object with which they were constructed will never be attained.

2. I therefore request that the Board will be pleased to obtain the sanction of Government for the entertainment of these Lascars. The usual Tabular Statement accompanies this.

Tabular Statement shewing the number and cost of Conservancy Establishment required for Calingulahs in the District of Ganjam.

CHETTERPUR,
14th June 1865.

ENCLOSURE No. 1.

From Captain C. G. PHILIPPS, Executive Engineer, Ganjam, to E. B. FOORD, Esq., Acting Collector of Ganjam, dated Chetterpur, 2nd June 1865, No. 28.

1. I yesterday inspected the new Calingulah, with shutters, built to raise the Jeymungulum channel water on to the Coosoompoor lands, and ordered the shutters to be removed until proper persons are appointed to look after the work.

2. I would recommend the appointment of two active men at a cost of Rupees 7 a month, debitable to Revenue (*not* Public Works Establishment) to manage the shutters of this and the Angoo Calingulah close by. I will give them written orders what to do when appointed, and I am certain that the work will be destroyed during heavy floods, if the men are absent, and would, therefore, recommend that they be required to live *close* to the work. If the water supply is properly regulated, a vast extent of land between Coosoompoor and Beempoor will benefit, whilst the Angoo Calingulah ensures a constant supply to the Karatolee Tumpra, and the whole land dependent on it, for miles, until the channel joins the river at Nowgaum near Ganjam.

3. I would only add that the men appointed should not be allowed to cultivate, or pursue any calling likely to take them away from the Coosoompoor work.

(True Copy.)

(Signed) E. B. FOORD, *Acting Collector.*

---

1. Resolved that the foregoing letter be submitted to Government, with the Board's request that the Collector be permitted to entertain the Establishment proposed in anticipation of sanction.

2. Mr. Foord is requested to state whether he cannot make arrangements, in accordance with the Circular Order, dated 26th October 1863, to provide for the payment of the Lascars. He will also state how the channel expenses and establishments are now paid and provided.

No. 468. ORDER THEREON, 26th July 1865, No. 1,733.

Miscellaneous.

The Government desire to know how it is proposed to meet this charge.

(True Extract.)

(Signed) W. HUDLESTON,
Acting Secretary to Government.

To the Board of Revenue.
