No. 512. Read the following Proceedings of the Board of Revenue, dated 15th July 1865.

Read again letter from Acting Sub-Collector in charge of Tanjore, dated 12th April 1865, in Board's Proceedings, 5th May 1865, No. 2,272.

Read also the following letter from G. L. MORRIS, Esq., Collector of Tanjore, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated Point Calimere, 6th July 1865, No. 203:—

SIR,

1. With reference to the Board's Proceedings of the 5th May 1865, No. 2,272, I have the honor to submit an Estimate, Sections, &c., of the Jetty proposed to be constructed opposite the Sea Custom House at Nagore, which I have obtained from the Superintending Engineer.

2. The Superintending Engineer, after a careful examination of the river bed, and observation of the various currents, states that laden boats can always be brought up the river to the pier head at all seasons, and at all states of the tide, and that therefore the proposal of deepening the channel is unnecessary.

3. As Captain Oakes knows this place very well, and is not likely to be mistaken, I beg to recommend that the estimate sent with Mr. Cadell's letter of the 24th August 1865, No. 289, may be set aside, and that the one now submitted may be sanctioned in lieu thereof. This estimate, which amounts to Rupees 2,630, may be carried out from the surplus of the Nagore Cess, viz., Rupees 2,751.

4. In case of this proposal being acceded to, no additional grant from Imperial or Local Funds will be necessary.

Submitted to Government, with reference to their Order under date 15th March 1865, No. 554. Under the circumstances stated, the Board support the Collector's recommendation that the work be confined to the construction of the Jetty, which can be carried out entirely from the funds in deposit.

No. 513.

Miscellaneous.

ORDER THEREON, 28th July 1865, No. 1,756.

The Government sanction the construction of the Jetty as proposed, out of the accumulated proceeds of the Nagore Special Cess now in deposit.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 5th May 1865.

Read the following letter from C. G. PLUMER, Esq., Acting Sub-Collector, in charge of Tanjore, to R. A. DALYELL, Esq., Sub-Secretary to the Board of Revenue, dated 12th April 1865, No. 109:—

1. With reference to the Proceedings of the Board of Revenue, under date the 21st March 1865, No. 1,588, I have the honor to report that the estimate therein referred to fully provides for the improvement of the river opposite the Custom House at Nagore. It will, however, be observed that no provision is made in the estimate for the construction of the small jetty, as the whole of the surplus cess, viz., Rupees 2,751, will be required for clearing the bed of the river.

2. The plan and estimate are herewith re-transmitted.

The Board observe that the Acting Sub-Collector in charge has not reported the total outlay required for improving the river and for constructing the jetty as desired in the Government order, to which he replies in the foregoing letter.
