No. 100. Read the following Proceedings of the Board of Revenue, dated 26th July 1865, No. 4,359.

Read Board's Proceedings, No. 2,159, dated 1st May 1865.

Read also the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated 29th June 1865, No. 149:—

SIR,

1. In reply to the Board's Proceedings, dated 1st May last, No. 2,159, calling upon me to explain why land valued at Rupees 302-14-0 per annum is proposed to be granted in exchange for lands valued at Rupees 280-13-6 taken up for the Krishnapatnam Canal and its branches, I have the honor to enclose a statement, shewing the cases in which the value of fresh land differs from that taken up.

2. It will be observed that of the seventeen cases recommended in my letter of the 13th April last, there are only eight in which the value does not tally, while upon the whole the aggregate extent of the area recommended shews a decrease of three* Acres and odd.

	A.	R.	V.	P.
* Extent taken up...	121	31	9	12
Do. of fresh land	118	4	4	11
Decrease...	3	27	5	1

3. Of these eight cases the extent of fresh land is equal to the areas appropriated in four cases, while in these four cases the value shews a decrease in the Shrotriem of Rendu Hirsala Vaviletipadu the only large increase being Rupees 37-7-7 in Gundlapalem.

4. As regards the three cases in Vallur, the first is a trifling increase; the second shews a decrease in the value, and the increase in the value of the third case cannot be looked upon as great as the area shews a decrease; and there remains only one item more which is Hirsa Vaviletipadu in which the area shews a small increase, while the decrease in the value is great.

5. The Shrotriem lands have not been assessed. The valuation has been made with reference to the rates of similar lands in the adjoining Government villages; and upon the whole there being only a net increase of Rupees 22-1-4 in the estimated value of the land selected, whilst the areas are nearly identical, I trust the arrangements proposed may be sanctioned.

3. The total extent of land taken up from the occupation of the seventeen persons referred to is A. 121, K. 13, V. 9, P. 12, valued at Rupees 280-13-6, and the extent proposed to be granted instead is A. 118, K. 4, V. 4, P. 11, valued at Rupees 302-14-10, for which sanction is requested.

4. The remaining five cases will duly be reported to the Board so soon as the requisite information is received from the Taluk Officers.
