Proceedings of the Madras Government, Revenue Department,
22nd August 1865.

No. 369. Read the following Proceedings of the Board of Revenue, dated 16th August 1865, No. 4,919.

Read the following letter from J. D. ROBINSON, Esq., Collector of North Arcot, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated Chittoor, 24th July 1865, No. 131 :—

SIR,

1. In returning the plan of the Head Assistant Collector's Cutcherry, proposed to be erected at Poothoor on the North-West Railway, I have the honor to observe that it pretends to be nothing more than merely suggestive of the kind of accommodation which would be required in such a building.

2. In drawing out the original plan, it formed part of my proposition to provide private accommodation above the Cutcherry, or ground-floor. Now, however, that there is a building available for private residence in the Travellers' Bungalow, it may be better and cheaper to revert to the Standard plan, if there be one, or in every case to obtain from the Superintending Engineer a plan and specification Memorandum based on the general measurements given in my amateur sketch.

ENCLOSURE No. 1.—Plan.

The Board resolve to request the Superintending Engineer, 4th Division, to inform them if there is any Standard plan for a Head Assistant's Cutcherry in his Office. They are not aware that any plan has yet been specially approved by Government; but they think it very advisable that Standard plans should be laid down for all offices required by the Revenue Department. They, therefore, resolve to request the Secretary to Government, Department Public Works, to direct all Superintending Engineers to forward to the Board plans of any offices which have been erected for the Revenue Department within the last five years, with their opinion as to the merits of each. With these before them, the Board will be in a position to state the requirements to be provided for, and to recommend what Standard plans should be prescribed by Government.

No. 370. ORDER THEREON, 22nd August 1865, No. 1,958.

Ordered to be recorded.
