MADRAS RECORD OFFICE.

Government of Madras.

Revenue **DEPARTMENT.**

G.O. No. 2018 Press ~~Mis.~~

486-487

Dated 29. 8. 1865.

Not to be folded or roughly handled

No. 486. Read the following Proceedings of the Board of Revenue, dated 16th August 1865, No. 4,914.

Read again Proceedings of Government, dated 16th January 1865, No. 38.

1. Resolved that the revised Statement of land assigned for Cotton cultivation during Fusly 1273, under the terms of Government Proceedings, dated 29th October 1861, No. 2,069, be forwarded to Government in the form in which the Statement for Coimbatore was submitted.

2. The persons who had undertaken to cultivate Cotton, in the Districts noted in the margin under the terms offered by Government, have not complied with the requisitions contained in the above Order. No remissions have therefore been granted to them, and the particulars have been omitted in the present Return.

	Names of Cultivators.
Cuddapah.	1. Bal Reddy and three others. 2. Yerraguntla Peddanah and five others. 3. Chinna Dundaloor, Yedulu Ivaru Reddy and four others.
Madura...	1. Cuppa Reddy.

3. Of the ten persons in Tinnevelly, entered in the list submitted to Government with the Board's Proceedings, dated 12th December 1864, No. 7,954, six only have tried the experiment, as will be seen from the accompanying Statement. In the Tenkaray Talook, the trial has failed from want of rain. In Satoor, the result appears to have been tolerably satisfactory; but the Collector states that implicit reliance cannot be placed on the figures, as the out-turn has most probably been diminished, and the expense of cultivation exaggerated.

4. No experiment has been made in the Sankarnainarcovil Talook, and want of rain is the alleged cause; but the Collector reports that the real reason is the want of energy and interest taken in the matter by the Tahsildar.

5. The Collector of Bellary has furnished no separate Report, but it will be seen from the Statement that the experiment has proved satisfactory. The produce on 175 Acres of land amounted to 1,148 Maunds, and the profit, after deducting the cost, to Rupees 2,125.

6. The results of the profits, &c., per acre in the Districts of Bellary and Tinnevelly are given in the margin. The Statement for Coimbatore for Fusly 1273 having already been submitted with the Board's Proceedings, dated 9th December 1864, it has not been included in the present Return.
