Sanctioned

The Govt desire to receive further information as to the advantages to be derived from the construction of the bridge in preference of the formation of the Fording sites. They ought not the Govt before they sanction this to be informed on what grounds the Bd consider the Bridge to be necessary? No doubt it will be a facility to access to the Fording Sites, but care must be taken in dealing with local funds to avoid affording any pretext for the belief that extravagance is made for the particular convenience & benefit of any & small section of the inhabitants of the Madura Dist. — Govt ask for an estimate of the probable advantages of the Bridge — Mr Orr
