No. 30. Read the following Proceedings of the Board of Revenue, dated 22nd August 1865, No. 5,097.

Read the following papers :—

Board's Proceedings No. 3,669, dated 16th June 1864.
Do. No. 5,475, dated 24th August 1864.
Do. No. 877, dated 15th February 1865.

Read also the following letter from E. G. R. FANE, Esq., Collector of Madras, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated Sydapet, 27th July 1865, No. 222 :—

SIR,

1. I have the honor to re-transmit herewith the plan of the Chuttrum built by Mangadu Saravana Mudali, as required in the Board's Proceedings, No. 877 of the 15th February, with the present accommodation duly marked in it.

2. I have since received a report from the Tahsildar of Sydapet, enclosing a letter from Saravana Mudali, in which the latter states that he proposes so far extending the building as to admit of Mahomedans and Pariahs being accommodated, and will complete it shortly, and therefore requests that the Inám may be continued.

ENCLOSURE No. 1.—Plan.

1. Resolved that the foregoing papers be submitted to Government with reference to Government Order, No. 421, dated 10th March 1864.

2. In the Order above quoted the Board of Revenue were desired to report "as to the propriety of endowing the Chuttrum built by Saravana Mudali," with reference to which the Acting Inám Commissioner had addressed Government enclosing a letter from the Acting Collector of Madras, and recommending that a Choultry and Water-pandal Inám measuring 2 Acres 21 Guntas, assessed at Rupees 17-2-10 in the village of Kamakampalli, appertaining to the Sydapet Talook, which was resumed by Mr. Shubrick, on the ground that the object of the Government had ceased to be kept up many years ago, may be restored for the benefit of the new Choultry which Saravana Mudali had since built at an outlay of Rupees 5,000 to replace the old one.

3. The Collector's reports (*vide* Proceedings above recorded) show that although the consent of the Collector to the building of the new Choultry was not previously obtained, as required by the existing Rules,* for the endowment of Choultries; the building is situated at a place where the wants of the public render it really requisite as testified by the number of travellers halting there every day, and that though it does not yet contain accommodation for every class, additions are about to be made, which will in a great measure obviate this defect.

* Standing Circular, 20th August 1829, Rule I.

4. It appears that there is, at a distance of one mile, another Choultry (Aroonagherry Mudali's) which has an endowment of Cawnies 6-6-0, assessed at Rupees 16-3-6, but does not provide accommodation for all classes. The peculiar circumstances of the present Choultry, which has been built at a large outlay only

to replace an old one which possessed an endowment, seems, however, to justify a deviation from the general rule that at least ten miles should intervene between two endowed Choultries.*

5. Under these circumstances, and with the remarks of the Secretary of State in paragraph 59 of his letter, dated 17th February 1857 in view, the Board recommend that the original Inám be restored; or equivalent new land be granted to the Choultry in question, on condition that the proposed extension of the building shall be first effected, and its completion reported through the Board, for the information of Government.

Vide Circular Board, No. 2,410, dated 18th May 1860.

* Rule III.

No. 31. ORDER THEREON, 2nd September 1865, No. 2,072.

Miscellaneous.

The restoration of the old Inám on the condition stated is sanctioned.

(True Extract.)

(Signed) W. HUDLESTON,
Acting Secretary to Government.

To the Board of Revenue.

Rd. R. H. Lee.

No. 3,669.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th June 1864.

Read the following letter from the Acting Collector of Madras, dated Sydapet, 23rd May 1864 No. 229:—

1. With reference to the Board's Proceedings, No. 2,930 of the 13th instant, communicating for my report the Order of Government on the subject of endowing a Chuttrum built by Saravana Mudali in the village of Kamukampalli near Poonamallee, I have the honor to state, that in its construction, the existing rules for the endowment of Choultries have been generally conformed to. The consent of the Collector was not however obtained previous to its erection. But this want of formality ought not, I consider, to militate against the interests of this charitable institution. We are satisfied that it is situated on a public road; that numbers of wayfarers halt there every day, and that it affords ample accommodation to all classes.

2. It will, moreover, be seen from my letter to the Acting Inam Commissioner that I have not recommended the grant of any new Inam to Saravana Mudali's Chuttrum, but only the continuance of that small endowment already allowed for a water-pandal, which formerly stood on the site of the present resting place.

3. From paragraph 59 of the Despatch of the Secretary of State, published in the Board's Circular, No. 2,410 of the 18th May 1860, it will be seen that the intention of Government was not to deprive any locality of the public benefit, which it has been deriving from any source, and [illegible] Saravana Mudali's Chuttrum is situated at a place where the wants of the public really render it requisite, is clear.

4. I have the honor therefore to request that the sanction of Government may be obtained for the restoration of the Inam in question to this institution, which not only fulfils the original object of the grant, but furnishes very great additional benefits never then contemplated.

The Collector will please to submit a plan of the Chuttrum in question showing the distribution and extent of accommodation provided, and will also state the distance at which the building is situated from the nearest Chuttrum on each side of it, and whether these Chuttrums enjoy any endowment from Government.

(A true Copy and Extract.)

(Signed) R. A. DALYELL,
Sub-Secretary.

To E. G. R. Fane, Esq., Collector of Madras.

Rd. J. Wright.

Calling for a plan of the Chuttrum built by Saravana Mudali showing certain information.

Rec: 23rd/65.

Rec'd in the Rev. Office 22nd Dec. 1865.

No. 5,475.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 24th August 1864.

Read the following letter from E. G. R. FANE, Esq., Collector of Madras, dated Sydapet, 19th July 1864, No. 326 :—

1. With reference to the Board's Proceedings, dated the 16th June last, No. 3,669, I have the honor to submit a Plan of the Chuttrum built by Saravana Moodelly at Kawampalli near Poonamalee.

2. The nearest Chuttrums to it are those of Aroonagherry Moodelly on the west, and Mooroogappa Moodelly on the east. The former is at a distance of one mile from it, and has an endowment of Cawnies 6-6-0, assessed at Rupees 16-3-6, and the other at a distance of about four miles without any endowment. Aroonagherry Moodelly's Chuttrum does not provide accommodation for all classes; but the Chuttrum now built by Saravana Moodelly provides for all classes, as the Board will observe from the Plan now sent.

ENCLOSURE No. 1.—Plan.

The Board observe that an unduly large portion of the covered space available in the Chuttrum is appropriated to the use of Brahmins, and request the Collector to communicate the fact to the Proprietor with the view of effecting a revision of the distribution, as the Board are unable under the present distribution to recommend the grant of an endowment conformably to the existing rules on the subject.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 15th February 1865.

Read the following letter from E. G. R. FANE, Esq., Collector of Madras, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Sydapet, 30th January 1865, No. 32 :—

With reference to the Sub-Secretary's Official Memorandum, dated the 25th instant, I have the honor to state that immediately on the receipt of the Board's Proceedings dated the 24th August last, No. 5,475, its contents were communicated to Saravana Mudali, the person that constructed the Chuttrum at Cunnumpally near Poonamallee; but he has sent no reply. It may be concluded, therefore, that he no longer requires a grant of land; being probably unwilling to give accommodation to all classes, as required by the Government rules.

The Collector is requested to return to the Board's office the plan of the Chuttrum with the existing distribution of the accommodation distinctly marked in it, for submission to Government, with the report called for in Government Order No. 421, dated 10th March 1864, which was communicated to the Collector with the Board's Proceedings, [illegible]
