Proceedings of the Board of Revenue, dated 22nd May 1865, No. 2,712.

Read the following letter from D. F. CARMICHAEL, Esq., Collector of Vizagapatam, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated 20th April 1865, No. 216.

SIR,

1. In their Proceedings of 4th February 1865, No. 597, the Board remark that "They "have doubts whether the present platform (at the Bimlipatam salt pans) is sufficiently raised to "protect it from the risk of inundation," and desire me "to take the opinion of the Superintending Engineer on the matter."

2. The opinion of the late Engineer, Colonel Chambers, was taken on the subject so long ago as August 1863, when he stated that it was unnecessary to raise the platform beyond its present level. To quote his words—"The surface of the platform, when raised according to my directions, "will be five feet above the highest known spring tides, and to raise it three feet higher, or eight "feet above the highest springs, as proposed by you, is apparently unnecessary."

3. Since then nothing has arisen to question the correctness of that opinion, and, I think, that the present platform may be left as it is.

Recorded.
