*Proceedings of the Madras Government, Public Works Department,
5th September 1865.*

No. 77. Read the following Proceedings of the Board of Revenue, dated 22nd August 1865, No. 5,108.

Read the following letter from P. GRANT, Esq., Collector of Coimbatore, to R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, dated 5th August 1865, No. 154 :—

Sir,

1. With reference to the Circulars noted in the margin, I have the honor to submit my Report on the Public Works carried out during the official year 1864-65, together with copy of the detailed

Statement of their progress received from the Superintending Engineer of the 7th Division.

2. The following Statement shows the amount of expenditure on Public Works during the present official year, as compared with the past year :—

Construction of a groyne and prolongation of another one at Moravapoliem for the preservation of the Nunjah Poogaloor channel.
Construction of a groyne in the Ambravatty river for the protection of the Caroor, Balumbapooram, and Punjamadavy channel.

3. Rupees 9,537 have been expended on new irrigation works; with the exception of the two completed works marginally noted, all the other works are in progress, they consist of supplying and surplus water sluices.

4. The following works, ranged under the head "Communication," have had expended on them Rupees 74,989 :—

23. Building a bridge of one arch over the surplus water channel on the Vangal road ...	330	1	0
Total...	74,988	15	4

5. Nos. 1 and 2 are the most important works; on the completion of the former, wheeled vehicles will go up and down the Coonoor ghát with ease; before the close of the year, the upper four miles of the new ghat will, it is hoped, be opened to the public. The Burgoor ghát line of road goes through the centre of the Colligal Tálúq; some 1,200 miles square, at present a sealed country so far as roads are concerned, when finished, not only will the Tálúq benefit, but a large trade from Mysore will come along the line.

6. Nos. 6 to 14 are bridges on the road between the Coimbatore Railway station and the foot of the hills. This road has been opened for some time to the advantage of traffic, and the comfort of all who have to go to the Neilgherries.

*Proceedings of the Madras Government, Public Works Department,
5th September 1865.*

7. Nos. 4, 15, 17 and 18 are bridges over the road to Madura from Coimbatore via Oodamalacotta. Chattrams, one between Coonoor and Ootacamund, These

8. No. 19 embraces three Chuttrums, one between Coonoor and Ootacamund, and the others between the latter station and Pykara and Neddivuttum. These buildings have contributed much to the comfort of the many coolies travelling along the roads on which they are situated, and have no doubt preserved some from perishing during the late inclement weather.

9. The other items are of minor importance, and do not require separate notice. The Travellers' Bungalow at Pothanoor must, however, be excepted from this category; its construction is a matter of importance to all parties travelling to the hills, as the Railway station affords indifferent accommodation, and the locality has of late been very unhealthy. It would be well if funds for its completion could be supplied by Government.

10. Under this head, the large sum Rs. 280 6 2 has been laid out

in the construction of Military buildings at Wellington, Rupees 75,922-9-1 and Rupees 22,730 have been expended respectively on the Central Jail at Coimbatore, which is now in progress, and in the preparation of materials for the Court house at Ootacamund, the upper room of the Collector's Cutcherry at Coimbatore, and for Police huts and other minor works.

10. Under this head, the large sum of Rupees 93,380-6-2 has been laid out

11. A sum of Rupees 44,247 has been laid out this year in repairing

Repairing Irrigation works.

11. A sum of Rupees 41,247 has been laid out this year in repairing works of an ordinary nature, for the maintenance of the revenue.

Repairs of Communications.

12. Repairs to communications amount to Rupees 55,953. The expenditure under this head consists for the most part of the annual maintenance allowances for roads.

13. With reference to paragraph 2 of the Government Order of the 13th November 1860, No. 2,355, Public Works Department, I beg to state that the annual allowance of Rupees 1,500 for 1864-65, for the repair of the bridle paths and cross roads on the Neilgherry Hills, was provided for by the Superintending Engineer in the revised Local Fund Budget for that year, instead of in the Imperial Fund Budget, as per original sanction this mistake was pointed out, and Government in their Order of the 19th October 1864, No. 3,008, Public Works Department, ordered the necessary transfer to Imperial Fund Budget for the year 1865-66. Of the sum of Rupees 1,500 thus provided for in the Local Fund Budget for 1864-65 a small sum of Rupees 267-9-0 was laid out in repairing the cross roads noted in

ments of expenditure submitted to the Board with my report on the Local Funds dated 12th July 1865, No. 138.

14. The condition of the cross roads and irrigation works in the District generally is not satisfactory, but I do not see how they are to be much improved,

unless funds are liberally supplied. Our Local Funds do not exceed a few thousand Rupees, and what are they when distributed over works in a District some 8,000 square miles in extent. Under present restrictions, the very works on which the revenue depends are suffering.

ENCLOSURE No. 1.—Statement.

Submitted for the information of Government. Attention is requested to the Collector's remarks in the concluding paragraph of his letter, and regarding the Poothanoor Bungalow.

With due regard to the wants of other Districts, the Government were unable, in the preparation of the Budget, to sanction a larger grant for Coimbatore, but they will be prepared to consider favorably any proposal which the Superintending Engineer may hereafter make for augmenting the existing allotment for irrigation works by transfers from other heads.

4. In separate Proceedings, the Superintending Engineer has been authorized to complete the Travellers' Bungalow at Pothanoor in anticipation of a further allotment of funds later in the year.
