*Proceedings of the Madras Government, Revenue Department,
13th September 1865.*

No. 287. Read the following letter from R. A. DALYELL, Esq., Acting Secretary to the Board of Revenue, to W. HUDLESTON, Esq., Acting Secretary to Government, Revenue Department, dated Madras, 30th August 1865, No. 5,309 :—

SIR,

1. Agreeably to the instructions contained in a letter from the Government of India, under date the 4th June, received with the Order of Government, dated 2nd July 1852, No. 639, Revenue Department, I am directed by the Board of Revenue to submit the accompanying Comparative Statement of Salt sales for the official years ending 30th April 1863, 1864, and 1865.

2. From the results shewn in the margin, it will be observed that there has been a large increase in the quantity of Salt sold during the past year, as compared with the previous two years. The increase in the past year is not the result of an increase of taxation, but of largely

increased consumption. There was, however, a slight decrease in the three Districts noted in the margin. In Vizagapatam, the decrease is ascribed to the prevalence of smuggling; in the Kistna District, to the destruction of Salt during the cyclone; and in South Canara, to the supply of the Mysore country being partly drawn from the eastward since the extension of the Railway to Bangalore.

This image shows a high-contrast, black and white scan of a document page, likely a ledger or notebook. A vertical line runs down the center, and a horizontal line is visible near the top. The page is heavily speckled with noise and contains faint, illegible markings. In the top right corner, there is a small, handwritten number '6'. The overall appearance is that of a low-quality, high-contrast scan of a physical document.
