*Proceedings of the Madras Government, Revenue Department,
4th February 1865.*

No. 99. Read the following Proceedings of the Board of Revenue, dated 13th December 1864, No. 7,976.

Read the following letter from J. FRASER, Esq., Officiating Collector of the Godavery District, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Cocanada, 15th November 1864, No. 298 :—

1. I have the honor to reply to the Order of Government,* calling for a Statement whence the necessary funds for the construction of the proposed road along the Samulcottah Canal bank are available.

* 26th October 1864, No. 1,975, Miscellaneous.

2. With reference to the Local Fund Budget that has just been passed, I beg to state that the sum sanctioned for items 4 and 5 for new works can be applied to this object. It was not intended that the whole outlay should be incurred this year. The expenditure on the above named items was proposed, I believe, by Mr. Newill. I think that the one road I propose will quite meet the object he had in view in proposing these two. After the new road reaches Samulcottah, I propose hereafter to extend it, *via* Pittapur to Tuni.

3. The outlay, therefore, for the current year on the Samulcottah canal bank road, exclusive of the lattice bridge over the Yellairoo, which is a work on the line, and has been sanctioned, would be 6,100 Rupees under the passed Budget.

4. The proposed expenditure for 1864-65 upon both new works, repairs, and establishment, is Rupees 41,782, according to the Budget ; but our funds will allow of a larger outlay than this. By an estimate carefully prepared in my office, and sent to the Board on the 30th August, the income for the year, including balance standing over from last year, was calculated at Rupees 53,765 for the District Road Fund, of which 8,664 Rupees are the amount actually transferred to it from Pound Fund.

5. The estimate, &c., are herewith returned.

ENCLOSURES Nos. 1 to 3.—Plans and Estimate.

ENCLOSURE No. 4.—Specification Report.

1. Submitted for the information and orders of Government, with reference to their order quoted by the Acting Collector.
2. The revised Budget Estimates alluded to by the Acting Collector in paragraph 4, will be shortly laid before Government.

No. 100. ORDER THEREON, 4th February 1865, No. 226.

Miscellaneous.

The Government sanction the estimate for the proposed road along the canal bank from Cocanada to Samulcottah, in the Godavery District, submitted with the Board's Proceedings of 8th October* 1864, No. 6,628, and grant authority for the commencement of the work out of the funds which are now shewn to be available. This estimate, exclusive of Rupees 3,000 the cost of the iron bridge over the Yellairoo which has been already sanctioned†, it is observed amounts to Rupees 15,960.

* G. O. 26th October 1864, No. 1,975.

† G. O. 27th September 1864, No. 1,781.
