*Proceedings of the Madras Government, Public Works Department,
19th September 1865.*

No. 434. Read the following letter from Lieutenant-Colonel F. J. MOBERLY, R. E., Superintending Engineer 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Madura, 7th September 1865, No. 1,039 :—

SIR,
1. In reply to No. 162, Memorandum 1st September, I have the honor to report that the expenditure to the end of April on the

Paumbem Reef Channel was	Rupces	23,302	9	10
a recovery was effected of	"	195	9	0
so that the sum expended was really	"	23,107	0	10

The entry of Rupees 2,307 is a clerical error.

2. The estimated cost of the road from Streevillipootoor to Palamecottah is Rupees 1,70,000. Government in Order No. 1,604 have only approved of the plans of the bridges amounting to Rupees 46,500, but in G. O. 2,709, 17th September 1864, they further approve of the construction of a Chuttrum, costing Rupees 12,100, and in the Revenue Department have also approved the expenditure of Rs. 15,664-14-11 in making portions of the same road—See Order No. 892, 25th May, sent with No. 604.

3. These are, as I understood, allotments against the estimate which still remains Rupees 1,70,000; if this be not acknowledged I may at some future date be called on to account for an insufficient estimate.

4. If the grant in Order No. 892 be not sufficient authority, I beg that orders in the Department Public Works may be issued, as the road work is much wanted.

No. 435. ORDER THEREON, 19th September 1865, No. 2,757.

CIVIL WORKS, No. 50.

1. The Government observe that the following are the only works which have been sanctioned for execution in connection with the road from Palamecottah to Streevillipootoor, via Sankerninarcoil, in the Tinnevely District :—

	RS.
(1.) Constructing four bridges...	46,500
(2.) Do. Chuttrum at Sholapurum	12,100
(3.) Forming portions of road	15,665
Total	74,265

2. These works alone should be entered in the future monthly Progress Reports submitted by the Superintending Engineer of the 8th Division.

3. Should any unappropriated surplus Pagoda or Local Funds be available in the Tinnevely District, it will rest with the Collector and Superintending Engineer to submit proposals for their expenditure on the other works included in the estimate for Rupees 1,70,000, mentioned in paragraph 3.
