*Proceedings of the Madras Government, Public Works Department,
20th September 1865.*

No. 474. Read the following Endorsement of the Superintending Engineer, 3rd Division, dated Bellary, 11th September 1865, No. 1,154:—
Read the following letter from J. BIGGERS, Esq., Civil Engineer, Cuddapah Range, to Captain A. S. MOBERLY, R. E., Superintending Engineer, 3rd Division, dated Cuddapah, 7th September 1865, No. 270.

Sm,

1. With reference to paragraph 2 of G. O. 3rd August 1865, No. 2,221, I have the honor to inform you that, the road between Cuddapah and Ontimitta has not been allowed to fall into disrepair; but at the same time, I must observe that while the road was being repaired, there was the carriage of heavy Railway materials over it, which did not improve the recently made repairs.

2. The remark about the road being blocked up with huge stones is simply absurd, there being only one stone of such a description left on the road by the Railway people, and which I had removed to side of road. Mr. Roberts probably alludes to stones brought down by the freshes at the places where the channels are crossed with rough stone road dams.

Forwarded with reference to paragraph 2 of G. O. No. 2,221 of the 3rd ultimo.

(Signed) A. S. MOBERLY, Captain, R. E.,
Superintending Engineer, 3rd Division.
