*Proceedings of the Madras Government, Revenue Department,
13th October 1865.*

No. 231. Read the following letter from Captain R. H. BEDDOME, Officiating Conservator of Forests, to W. HUDLESTON, Esq., Acting Secretary to Government, Revenue Department, Fort Saint George, dated Camp, Ootacamund, 4th October 1865, No. 1,445:—

SIR,

1. In reply to paragraph 15 of the Government Order, No. 1,566 of the 8th of July last, I have the honor to inform you that a considerable portion of the Annamallai Teak Forest belongs to Government, and this has always been worked together with the portion leased from the Colungode Numbiddy, and the accounts have never been kept separate; I am afraid, therefore, it is impossible to draw up a statement shewing the net profit to Government of the lease now about to expire.

2. There can be no doubt that the profit is considerable, and is probably nearly four-fifths of the whole revenue derived from the Annamallais; the Government portion is a much smaller area than the leased forest, and though it was worked considerably during the first years of the lease, it has hardly been touched during the last seven or eight years.

No. 232. ORDER THEREON, 13th October 1865, No. 2,483.

Forests, No. 7.

Forwarded to the Collectors of Coimbatore and Malabar for their information, with reference to G. O. dated 18th July 1865, No. 1,658, desiring them to arrange for the renewal of the lease of the Annamalli Forest tract referred to in paragraph 14 of G. O. of 8th July 1865, No. 1,566.

Sir

In reply to para 15 of the Government order
No 1566 of the 8th of July last, I have the honor to inform
you that a considerable portion of the Annamallay State
forest belongs to Government, and this has always been
worked together with the portion leased from the
Koolungode Kumbiddy, and the accounts have never
been kept separate, I am afraid therefore it is impos-
sible to draw up a statement showing the net profit
to Government of the lease now about to expire.
2. There can be no doubt that the profit is
considerable and is probably nearly $\frac{4}{5}$ of the whole
revenue derived from the Annamallays, the Government
portion is a much smaller area than the leased
forest, and though it was worked considerably during
the first years of the lease, it has hardly been
touched during the last 10 years.
