*Proceedings of the Madras Government, Revenue Department,
14th October 1865.*

No. 265. Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, Fort Saint George, dated Nellore, 2nd October 1865, No. 235 :—

SIR,

1. The Superintending Engineer, 2nd Division, having forwarded for counter-signature an estimate amounting to Rupees 8,210, for the construction of the Alluru and Kavuragunta road, with the request that if approved, I would submit the same for the sanction of Government, I have the honor to forward the estimate,* &c., accordingly.
- * 1 Detailed Estimate.
1 Abstract Estimate.
1 Sketch of Road.
2 Plans of Road Dams.
1 Copy of Superintending Engineer's letter to Collector, No. 46, dated 7th Sept. 1865.
1 Copy of Mr. Executive Engineer R. Smith's letter to Superintending Engineer, No. 93, dated 24th August 1865.

2. The road, it will be observed, is the connecting link of the Alluru and Isakapalli road now under construction from an estimate of Rupees 27,600, with Trunk Road No. 6, and the cross roads from this line by Zaladanki to Kaligiri. The necessity for this connecting link, the importance of the Alluru and Isakapalli road having been already recognized, will be obvious, and I have the honor therefore to recommend the estimate for the sanction of Government, and request that orders may be given, as suggested by the Superintending Engineer, for its inclusion in the Local Fund Budget for 1866-67.

3. I do not however go with the Executive Engineer in his views as to the relative importance of the line. The Alluru and Isakapalli road is of great local importance without the Kavuragunta line, for it is the continuation to the coast and our Isakapalli salt works of the Alluru Razupalem road, which is in capital order, passes through some of the richest villages in the District, and is one of the lines by which salt is conveyed to the Nellore market and all the important villages under the Kanigiri and Duvvuru tanks as well as Sangam, and the country to the westward, so far as wheeled traffic is concerned.

Referred to the Revenue Department.

FORT SAINT GEORGE,
10th October 1865.

through some of the richest villages in the District and is one of the lines by which salt is conveyed to the Bellare market and all the important villages under the Kanigiri and Durvura tanks as well as Sangam and the country to the westward so far as wheeled traffic is concerned.
