Dated	16 10 1865.	

Not to be folded or roughly handled

No. 269. Read the following letter from the Honorable C. PELLY, Member of the Board of Revenue, to the Acting Secretary to Government, Revenue Department, dated 9th October 1865, No. 1,844 :—

1. In paragraph 5 of their Order, dated 4th April 1865, No. 726, the Government noticed the recommendation I have made for the immediate payment of the sanctioned higher rates of salaries to those Sub-Magistrates who were appointed prior to 1st May 1863, and expressed themselves favorably disposed towards the old servants of long service and practical experience; but before sanctioning my proposals they wished to know how many of the Sub-Magistrates now required to pass before receiving the full salaries, previously held the offices of Tahsildar, Deputy Tahsildar, or Police Amcen, and how many newly appointed men, who were not previously in such offices, and have been appointed without passing, are in receipt of the higher rates. The necessary information having been obtained from the Collector, I have now the honor to submit my reply to the Order of Government above referred to.

2. The whole number of Sub-Magistrates on the Establishment is 172, and with respect to the present question, they may be classified as follows :—

	No.
Class.—1. Sub-Magistrates who have passed the special Test Examination....	40
" 2. Sub-Magistrates specially exempted from the Examination.	6
" 3. Sub-Magistrates who previously held the office of Tahsildar, Deputy Tahsildar, Sheristadar, or Police Amcen, but who draw only the lower rates of pay.	60
" 4. Sub-Magistrates who draw the higher rates of salaries without having passed, or who are not exempted from passing.	17
" 5. Sub-Magistrates who were appointed subject to passing the special Test, and are now drawing the old rates of pay.	12
" 6. Sub-Magistrates who were appointed on the old scale of pay without any condition as to passing the examination before the Examination Rules came into force, and who draw the old rates of pay:	32
" 7. Situation of Sub-Magistrates vacant at the time of the Collector's report.	5

3. In regard to the 1st and 2nd Classes of Sub-Magistrates above-mentioned, there is no question. The sixty persons in class 3 are those who seem to merit that favorable consideration which Government is disposed to shew towards old servants; a list of these Sub-Magistrates is submitted in the Enclosure No. 1. Of the seventeen persons in the 4th Class, five are men, who previously held similar situa-

tions, to those entered under the 3rd Class, and they will therefore be entitled, under similar circumstances, to retain the higher rates of pay, which they now draw. I have therefore distinctly included the names of these five officers in the List No. 1 below the names of those old servants who do not yet draw the higher rates. The number of Sub-Magistrates, who will thus become entitled to the higher rates of salary, is sixty-five, should the Government be pleased to grant this indulgence. They will, however, have to go up for the modified Special Test, unless specially exempted as recommended by me in paragraph 9 of my letter, dated 23rd December 1864, recorded in Proceedings of Government 4th April 1865, now under reply.

4. There remain twelve Sub-Magistrates in Class 4, who are now on the receipt of the higher rates without having passed the examination; but of these, five, I think, may reasonably claim exemption. Meerunsooruddeen, the Sub-Magistrate of Conje-

veram, now drawing the higher rate of salary, is strongly recommended* by the Collector of Madras on special grounds to exemption from examination, and I

beg to submit his request for the favorable consideration of Government. This Sub-Magistrate was employed long before 1st May 1863, that is on 21st November 1860, on 50 Rupees a month, and the salary was raised to 100 Rupees by an Order of Government, dated 28th July 1863, No. 1,399. I also think that the case

suppose, when they took up this appointment, that they would be required hereafter to pass the Special Test, and now to require them to go up for examination, and to revert to their former appointments in the event of failure, would be hard in their case. No. 2, Streenevasamoorthy Iyengar was appointed on 4th May 1863, as Sub-Magistrate and District Moonsiff of Goodaloor in the Malabar District, on a salary of 125 Rupees, and afterwards as Sub-Magistrate of Vilputty (Pulney Hills) in Madura, on a salary of Rupees 150 in April 1865. On neither occasion was the appointment made subject to passing any examination. For the sake of distinction the four persons are remarked on in List No. 2 as recommended by me.

5. Vencataramnya, Sub-Magistrate of Salem town.

6. Vencatasoobhyer, Sub-Magistrate of Razepur.

5. Of the thirty-two persons in the 6th Class, six persons, noted in the margin, are specially recommended by four Collectors severally for the higher rates of salary, without passing the prescribed examination; these officers did not previously hold the office of Tahsildar, Deputy Tahsildar, &c., and I do not see any special grounds for supporting the recommendation of the Collectors; there are

probably others who have equal claims to consideration, whose merits have not been specially noticed by other Collectors, and if these six men have the qualifications alleged, they will have no difficulty in passing the modified Special Test recently

* Letter from the Collector of Kistna, dated 21st June 1865, paragraphs 3 and 8.
Do. from do. of Madras, dated 11th July 1865, paragraphs 11 and 12.
Do. from do. of South Arcot, dated 17th June 1865, latter part of paragraph 6.

authorized. The recommendation of the Collectors will be found in the letters referred to in the margin.* These thirty-two persons, as also the twelve persons in the 5th Class, and seven of the seventeen persons in 4th Class, for whom no special recommendation has been made, will have to pass the test. Out of these fifty-one

persons, forty-four must continue to draw the old rates of pay until they pass the examination. The other seven persons, who are already on the receipt of higher rates of pay, will of course be allowed to draw them subject to passing the test. On the orders of Government being passed, the List No. 2 will be forwarded to the Accountant General, with the names of such persons as may be exempted by Government from passing the Special Test as recommended by me struck out, in order that that Officer may be in possession of a correct list of persons, who have yet to pass the examination. At the time of the Collector's report, there were five vacancies of Sub-Magistrates' place, but they require no remarks, as they must have been filled up either by passed men or by others subject to the condition of passing the test under the special orders of Government, and such persons will of course draw the higher rates of pay under either circumstances, unless it is ruled that persons newly appointed as Sub-Magistrates, subject to the condition of passing the test, are to draw only the old rates of pay until they actually pass the examination.

6. I have not taken into account the two Sub-Magistrates sanctioned by Government on a salary of 150 Rupees each, in the Order of the Judicial Department, dated 25th August 1864, No. 1,275, for the Maliahs of Oodiagherry and Mahasingi, in the Ganjam District, as their pay is debited to "Law and Justice," and not to Revenue Establishments.

7. The above is a reply to the Order of Government referred to. But since these orders were issued, a modified Special Test has been approved of by Government for officers situated as the men under consideration. And the examination in the Special Test, and in the modified Special Test, now partly concluded and which will be finished during the course of next month, will no doubt change the position of many of the Sub-Magistrates herein referred to, and entitle them at once to the higher rates of salary in consequence of having passed the examination. It might, therefore, be desirable to see the result of these examinations before final orders are passed. I annex Abstract Memorandums, shewing the number of the present Sub-Magistrates, classed with reference to their appointments previous and subsequent to 1st May 1863, and when the result of the examinations is known, I shall submit a similar Statement to Government.
