

MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No.	2548	Press
		~~Mis.~~
351-352		
Dated	19-10	1865.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
19th October 1865.*

No. 351. Read the following Proceedings of the Board of Revenue, dated 11th October 1865, No. 6,442.

Read the following letter from the Acting Collector of the Kistna District, to the Acting Secretary to the Board of Revenue, dated Masulipatam, 26th September 1865, No. 177 :—

I have the honor to forward herewith copy of a letter from the Superintending Engineer, 2nd Division, together with an estimate* and plan for erecting a hulling machine at Needoomole lock, and to request that should the work meet with the approval of the Board, sanction may be granted for the entry of the amount in the "Local Fund" Budget for 1866-67.

* For Rupees 1,270.

ENCLOSURE No. 1.

From the Superintending Engineer, 2nd Division, to the Acting Collector of the Kistna District, dated Masulipatam, 18th September 1865, No. 104.

1 Detailed estimate.
1 Abstract do.
2 Plans.
4

1. With reference to Government Order in the Revenue Department, No. 882, dated 28th April 1865, on the matter of the wheel and hulling machine, which were sent from Madras at the commencement of the year, to be erected

in the neighbourhood of Masulipatam, I have the honor to forward, plan and estimate of the work necessary to bring the machinery into operation at Needoomole lock. The fall of water (nine feet) obtainable is not so great as is to be desired, or such as to bring forth the full working power of the wheel, which has a diameter of twelve feet, but it is the best fall obtainable in this District with safety. Should you approve of the work, I request that after counter-signature, you will forward the plan, &c., to the Board of Revenue, with a recommendation that the work be entered in the Local Fund Budget of 1866-67, for execution during that year.

Rupees 1,270.

2. I believe that the mill being once built, and worked for a few weeks, no great difficulty would be found in letting it to a native merchant at a remunerative rent.

(True Copy.)

(Signed) T. A. N. CHASE,
Acting Collector.

ENCLOSURES Nos. 2 to 5.—Estimates and Plans.

The Board approve of the plan and estimate, which will be submitted for the sanction of Government. They are of opinion that the mill should at once be erected. The Order of Government, under date 20th April 1865, No. 882, seems to have been disregarded both by the Collector and Superintending Engineer. The machine should have been long since at work, and if no funds are available for expenditure in the Imperial Budget, the Board doubt not that the charge for putting up the mill can be met from Local Funds.

No. 352. ORDER THEREON, 19th October 1865, No. 2,545.

Miscellaneous.

1. Forwarded to the Department Public Works for disposal.

2. The work should be executed with the least possible delay. Far too much time has been already lost.

*Proceedings of the Madras Government, Revenue Department,
19th October 1865.*

3. The charge is not one properly debitable to Local Funds, but if Imperial Funds are not available the amount necessary will be provided from the District Local Funds, and re-imbursed to the fund in the next official year from the Public Works Budget.

(True Extract.)

(Signed) W. HUDLESTON,

Acting Secretary to Government.

To the Public Works Department.

No. 6,442.
20th 25th 19th 1863

Submitting for sanction plan and estimate
for the erection of a bulding machine at Needoo-
mole lock in Krishna District.

With order

20th 11th 1863

No. 28 405

Transmitted to the Secy. for
Finance. He will attend

Presented with the estimate for the
bulding. The estimate has been
examined and found correct.

The charge is not
one highly desirable & should
be paid. But if sufficient
funds are available
to meet the same, it will be
desirable to have the bulding
erected. It will be a great
benefit to the district.
The Secy. for Finance
has been asked to
submit a plan and estimate
for the erection of a bulding
machine at Needoo-mole lock
in Krishna District.
