No. 337. Read the following Proceedings of the Madras Government in the Revenue Department, dated 3rd October 1865, No. 2,381.

Read Proceedings of the Madras Government in the Public Works Department, dated 25th October 1865, No. 2,830.

Read the following letter from Lieutenant-Colonel F. J. MOBERLY, R. E., Superintending Engineer, 8th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Department Public Works, dated Chettiaputty, 13th September 1865, No. 1,087 :—

SIR,

1. Referring to G. O. No. 2,327, 11th August 1865, I have the honor to observe that estimates for all the roads (save No. 16) were submitted by me on the 8th March 1865, and have been deferred by G. O. No. 855, of 28th March 1865; these estimates provide only for placing them in fair working condition, on instructions given by Mr. Levinge personally to Mr. Bywater.

2. The Board of Revenue in their Proceedings No. 1,565, cite Mr. Clarke as a witness as to the present condition of the roads. In paragraph 6 Mr. Clarke guardedly says " from all I can learn." I am informed that Mr. Clarke travelled along the coast from Negapatam to Travancore, if this information be correct he saw only the very extremities of the roads where they meet the sands near the coast.

3. I respectfully submit that during the fine weather the roads are all passable, in the wet weather nothing short of a thoroughly made road will allow of traffic; in my opinion there is no medium over such soil. If I am not mistaken you held the same views as regards the road from Bezwara to Masulipatam, which these lines exactly resemble.

4. I shall be glad of any instruction that will enable me to carry out the Board's wishes ; as an Engineer I can only deplore my ignorance.

CIVIL WORKS, No. 78.
