Proceedings of the Madras Government, Revenue Department,

23rd October 1865.

No. 431. Read the following Proceedings of the Board of Revenue, dated 15th September 1863, No. 5,811.

Read the following letter from the Collector of Tinnevely, to the Secretary to the Board of Revenue, dated Tenkasy, 29th August 1863, No. 340 :—

1. I have the honor to acknowledge receipt of the Proceedings of Government, dated 12th August 1863, stating that Streevilliputtoor may continue the Sub-Collector's station for the present. No change, as the Board are aware, has yet been made, and I do not think it can now be carried out, till some new buildings are erected at Streevilliputtoor, and on this subject I beg to solicit the instructions of the Board and Government.

2. In his letter of 21st October 1862, copy of which was forwarded to the Board with my letter of 25th October 1862, No. 446, Mr. Kindersley remonstrated against the proposed change, till further accommodation was provided at Streevilliputtoor, and the Board in their Proceedings of 14th November 1862, proposed that certain buildings for the accommodation of the Cutcherry, and for the private accommodation of the Sub-Collector, should be erected at Streevilliputtoor; but the Government, in paragraph 3 of their Order of 17th December 1862, No. 2,623, observed that, under the circumstances stated in paragraph 4 of my letter to the Board of 25th October, they did not consider it incumbent on them in any way to provide a residence for the Sub-Collector, and that the Cutcherry was *not* to be in the Sub-Collector's house.

3. Paragraph 4 of my letter above quoted, as the Board will find on referring to it, related to the old palace of Tirumal Naik in the town of Streevilliputtoor, made into a Talook Cutcherry, and for which certain estimates were then under preparation, to throw more light into the building, and to form a Subsidiary Jail, &c.

4. When I was at Streevilliputtoor in May this year, on my Jummahbundy tour, I inspected the alterations then in course of progress, and found that owing to the peculiar style of the old building, rendering it difficult to make compact rooms in it, more space had to be allotted for the Subsidiary Jail, and accommodation of the Police, than could have been anticipated, while the lighting the building was still defective, and when the alterations were completed it would not leave sufficient accommodation for the Sub-Collector's Establishment or records even as a temporary measure, in addition to the Talook Establishment and records.

5. The bungalow also at Streevilliputtoor I found much out of repair, and I called on the Acting District Engineer for an estimate to put it in order, but which has not yet been carried out.

6. The case now stands thus, the old palace in the town in which is the Tahsildar's Cutcherry and Subsidiary Jail, cannot now conveniently be made available for the Sub-Collector's Office Establishment, or records, and there is only the public Bungalow in which the Head Assistant holds his Office, and partly occupies himself, paying one-third of the estimated rent. If this Bungalow is to be made into a Cutcherry, it must be put in good repair, and one of the rooms enlarged for a record-room. Then it would have to be decided, if Government should provide a house for the Sub-Collector and rent it, or leave him to provide accommodation for himself. Or else, plans and estimates should be prepared for building a Sub-Collector's Cutcherry at Streevilliputtoor, and when that is finished, the present Bungalow might be rented as a residence to the Sub-Collector.

7. I do not consider the change of station can be made till one of these two plans is carried out, and I request the instructions of the Board and Government on the subject.

Submitted for the consideration and orders of Government, with reference to the correspondence quoted by the Collector which is all before them.

No. 432. ORDER THEREON, 23rd October 1865, No. 2,586.
