*Proceedings of the Madras Government, Public Works Department,
2nd November 1865.*

No. 40. Read the following Proceedings of the Board of Revenue, dated 17th October 1865, No. 6,576 :—

Read the following letter from the Collector of Madras, to the Acting Secretary to the Board of Revenue, dated Saidapet, 13th September 1865, No. 290.

1. With reference to the Orders of Government, dated 8th August 1865, No. 1,831, I have the honor to state that I have taken charge of the Southern Canal from the Department Public Works, and have placed it under the Superintendent of the Salt at Home's Garden.

2. As a good deal of extra work will thereby devolve upon the Superintendent, I beg to recommend that he be paid fifteen Rupees per mensem in addition to his present pay.

3. I also beg to recommend the employment of two Lascars on six Rupees each a month, who will be employed in collecting the fees from the boat-owners, and in seeing that none but the licensed boats ply in the canal. The Lascars will also be employed in looking after the Casuarina trees which have been planted at different times along the banks of the canal.

4. The whole cost of the proposed establishment amounts only to Rupees 324, which is small enough in proportion to the revenue expected from the canal, and can be debited to the head of "Public Works Department."

1. Ordered that the foregoing letter be submitted for the orders of Government, with reference to their Order, dated 8th August 1865, No. 1,831.

2. The Board doubt whether the proposed establishment will be strong enough to carry out efficiently the work that will devolve upon it, and they very much question whether the Salt Superintendent can find time for these extra duties. They would, however, recommend that the establishment be sanctioned as an experiment for six months. Should the Government concur in this view, the Collector will be requested to submit, for sanction, the usual Tabular Statement.

Transferred to the Department Public Works for disposal.

(Signed) W. HUDLESTON,
Acting Secretary to Government.

No. 41. ORDER THEREON, 2nd November 1865, No. 3,301.

ESTABLISHMENT, No. 6.

1. The Government concur in the views of the Board of Revenue, and they will be prepared, on the receipt of the usual Tabular Statement, to apply for the sanction of the Government of India to the entertainment of the proposed establishment for the collection of license fees on the Southern Canal for a period of six months.

2. The construction of this canal having been undertaken from Imperial Funds, and the cost of its maintenance being provided from the annual Imperial

grants for Public Works, the license fees should be credited as *Public Works Revenue*, and the cost of the proposed establishment debited to Part IV. of the Public Works Budget.

* No. 115, 25th May 1865.

3. The Government observe from paragraph 4 of the letter* from the Superintending Engineer of the 1st Division recorded in Proceedings No. 1,844, dated 1st July 1865, that the license on the Godavery canals are credited to *Local Funds*. This is opposed to the orders of the Government of India, as the canals in question, like that referred to in the preceding paragraph, have been constructed, and are maintained from *Imperial Funds*. The fees collected on these and on the Kistna canals will accordingly be credited, for the future, as *Public Works Revenue*, and the Superintending Engineers of the 1st and 2nd Divisions will report what establishments (to be charged against the Imperial Public Works allotment) will be required for their collection.
