Proceedings of the Madras Government, Revenue Department,
15th November 1865.

No. 223. Read the following letter from the Officiating Superintending Engineer, 1st Division, to the Secretary to Government, Department Public Works, dated Waltair, 17th October 1865, No. 1,334 :—

1. With reference to the Order of Government No. 1,963 of 11th July 1865, I have the honor again to recommend, for the sanction of Government, the proposed extension of the Guntay and Kottapetta road to Bodipollem.

2. This work should have formed part of the original estimate for the above road, and Government has rightly observed in G. O. No. 1,541* of 6th July 1865, that the rule regarding the submission of complete projects was violated in this case.

* In the Revenue Department.

3. But this is not, as seems to be supposed, one of several instalments of a large work. Its object is to render existing means of communication at that point of the District more complete.

4. The proposed bridge and piece of road would serve to connect Kottapetta, a Sub-Magistrate's station and market town, with the Cowléswerum Ferry, and also with the river bank, which forms a main line of communication between the many populous villages north and south of Kottapetta.

5. The bridge is to take the place of a palmyra bridge, which is old and dangerous, and difficult to keep in repair.

6. It is proposed to meet the cost of the work from the Local Funds of the District.

Referred to the Revenue Department, with reference to its Proceedings No. 1,541, dated 6th July 1865.

FORT SAINT GEORGE,
27th October 1865.
