Vellore Taluk.

*No Nunjah land is just now available to be granted in lieu of this. The Railway authorities are about to re-transfer certain plots of lands underclasses B. and C. in the vicinity of this village. When this is done arrangements will be made to adjust this claim; in the meantime an annual deduction will be made in this claimant's Puttah to make good his loss of income, viz., Rupees 28-12-8; orders have this day been issued to the Tahsildar of the Vellore Taluk on this subject.

Statement of lands proposed to be given (Tillage officers and mungars, &c.—(Concluded).)

Vellore Taluk—(Contd.)

* As no Taram assessment has ever been paid on the lands attached to the villages of Mamandoor and Balapalle, which formed the escheated Poliem of Mamandoor, no value is assigned to the lands in Columns 2 and 5, Tirva is only claimable on crops actually raised according to the manual ditum of the Polyam when in existence.

*As no Taram assessment has ever been paid on the lands attached to the villages of Mamandoor and Balapalle, which formed the escheated Poliem of Mamandoor, no value is assigned to the lands in Columns 2 and 5, Tirva is only claimable on crops actually raised according to the mamul dittum of the Polyam when in existence.

1. Resolved that the foregoing Statement be submitted to Government with the Board's recommendation that the Collector be authorized to grant Kanies 15-12-3 of fresh lands, assessed at Rupees 56-12-1 in exchange for Kanis 12-15-4 of Inam land, assessed at Rupees 56-14-11, taken up for the South-West and North-West Railways, and Kanis 2-2-0 of fresh land for the same extent of Inam land taken up for the North-West Railway in the village of Mamandoor and Balapalli in his District.

2. The Collector explains that no value is assigned to the lands in the above specified villages, as they belonged to the escheated Polliem of Mamandoor, in which it was the practice to claim "Teervah" only on crops actually raised; but the Board observe, that for the purpose of the Statement, which is only that of comparison, it would have been better if the Collector had assumed that the whole extent would be cultivated and had fixed the value of the land accordingly.

3. From the Collector's silence as to the compensation due for past years, the Board presume that all claims for such payment, if any had been preferred, have been already adjusted. The Collector will however be requested to report on this point.

4. The Collector's letter of explanation of the delay in disposing of these and similar claims, to which he refers in column 7 of his present Statement, will be noticed separately by the Board; but they deem it unnecessary to submit this letter to Government—the Government having already been made aware of the causes which have generally delayed the adjustment of these claims for so long a period in the District of North Arcot in the Board's Proceedings of 20th December 1864, No. 8,132.
