*Proceedings of the Madras Government, Public Works Department,
20th November 1865.*

No. 464. Read the following Proceedings of the Board of Revenue, dated 8th November 1865:—

Read Proceedings of the Madras Government, Revenue Department, dated 30th October 1865, No. 2,661.

1. The Board request that the Public Works Department may be moved to instruct the Range Officers to furnish the Collectors, on the 1st of each month, with a simple Memorandum showing the expenditure incurred by them in the previous month under each head of Local Fund, to enable the Collectors to deduct the amounts in the plus and minus Memorandum sent to the Accountant General monthly. The Progress Reports in the form A, which show the expenditure in the month on each work, should be forwarded to the Collectors by 10th of each month, so that they may include it in the general Statement submitted to the Board.

2. The amended Rules XIX. and XX. of the Local Fund, contained in the Order of Government, dated 12th May 1865, No. 1,002, require that Progress Reports of work executed during each month should be forwarded to the Superintending Engineer to be examined, and sent by him to the Collector for transmission to the Board of Revenue. The Board think that this course will create delay, and would therefore beg to suggest that all the Executive Officers may be directed to forward their Progress Reports direct to the Collector. After the completion of each work, the Bill for each work completed will of course be sent to the Superintending Engineer for examination and audit agreeably to Rule XXI. which the Board think will be sufficient for all purposes.

Transferred to the Department Public Works for disposal.

(Signed) W. HUDLESTON,
Acting Secretary to Government.

No. 465. ORDER THEREON, 20th November 1865, No. 3,504.

LOCAL FUNDS, No. 48.

Account.

1. The Government approve of the proposals made in paragraph 1 of these Proceedings.

2. Referring to paragraph 2, the Government observe that as paragraph 10

of G. O. No. 2,413, dated 19th August 1865, provides for Range Officers furnishing Superintending Engineers with complete copies of their Progress Reports, there is no objection to the Reports of works executed from Local Funds being transmitted by the Range Officers direct to the Collectors of Districts.

3. The Controller will issue the necessary instructions for giving effect to these changes.
