Proceedings of the Madras Government, Revenue Department, 27th November 1865.

No. 505. Read the following Telegram from the Collector of Kurnool, to Revenue Secretary, Madras, dated 20th November 1865 :—

Soodarasana Row is making over land for canal, settling disputes with workmen and contractors, and has charge of two Talooks. His services are indispensable and most valuable.

No. 506. ORDER THEREON, 27th November 1865, No. 2,918.

Miscellaneous.

1. The Government require more exact and detailed information as to the necessity for retaining the Special Deputy Collector in Kurnool.

2. They observe that much of the work on which Mr. Minchin says he is employed, such as settling disputes with workmen and contractors, and having charge of two Talooks is altogether foreign from the duty of taking up the land for the Irrigation Company's Canal, to which the Special Deputy was appointed more than five years ago.

3. The consequence seems to be that the Kurnool District has for some years past had the services of three Deputy Collectors for current duties, instead of two, which is the allotment of an inland District, and the Government are not prepared to permit the indefinite continuance of this arrangement.

4. The Collector will also report how the Deputy Collector's pay is debited in the accounts, and quote the orders on the subject, if any.
