*Proceedings of the Madras Government, Revenue Department,
28th November 1865.*

No. 531. Read the following Proceedings of the Board of Revenue, dated 27th November 1865.

Read Proceedings of the Madras Government, Revenue Department, dated 30th October 1865, No. 2,655 :—

1. Forwarded to the Collector of Kurnool for early report.
2. It seems to the Board that both the Consulting Engineer, and the Agent and Manager of the Company have lost sight of the important point that *the Company deals with the Government, and not with the Ryots*, and that it has no concern whatever with the crops raised by the Ryots. At the same time, if it could be fairly shewn that garden crops require more water than two rice crops, there would be fair grounds for increasing the charge on the same principle as the charge is reduced when water is supplied to dry crops.

No. 532. ORDER THEREON, 28th November 1865, No. 2,931.

Miscellaneous.

Communicated to the Department Public Works, with reference to the docket in that Department, dated 20th October 1865, on the Consulting Engineer's letter dated 11th idem.
