*Proceedings of the Madras Government, Revenue Department,
9th December 1865.*

No. 43. Read the following Proceedings of the Board of Revenue, dated 4th December 1865, No. 7,728 :—

Read the following letter from the Collector of Madras, to the Acting Secretary to the Board of Revenue, dated Sydapet, 24th November 1865, No. 389.

1. With reference to the Board's Standing Circular Order, dated the 15th March 1864, No. XXIII., I have the honor to send herewith the Statement of irrigation for the past year, distinguishing the works requiring repair from those in good order.

2. The large increase in the number requiring repair is probably owing to the heavy rains of last year, especially in November.

3. The amount of Rupees 2,63,676, as stated by the Tahsildars to be required to put all the works into thorough repair, is probably under the mark, but we should do well if we got one-half of the amount this year, and a similar sum each succeeding year, which in four years would give four lacs of Rupees and upwards, which would, as recommended by me in my Irrigation Report of last year, probably put into thorough order the whole irrigation works of the District.

Statement showing the number of irrigation works, the revenue dependant thereon, the number requiring repair, and the amount proposed to be laid out during the year 1866-67.

Talooks.	Total number of irrigation works.	Ayacut assessment.	Number of irrigation works requiring repair.	Estimated cost as proposed by the Tahsildars.
