*Proceedings of the Madras Government, Revenue Department,
12th December 1865.*

No. 62. Read the following Proceedings of the Board of Revenue, dated 8th December 1865.

Read the following letter from the Collector of North Arcot, to the Secretary to the Board of Revenue, dated Ranipett, 7th December 1865, No. 268 :—

I have the honor to report, for the information of the Board, that a few hours after the Season Report left my camp on the 4th instant, for the purpose of being transmitted with its other accompaniments from head quarters, heavy rain set in. At midnight the wind, which had been steadily increasing, rose to a perfect hurricane, and continued to blow in fierce gusts until nearly six on the following morning. My tents were all blown to the ground in the very commencement of the storm, and I was compelled to seek refuge as I best could in the adjoining station (Vellore). The railway buildings at this and the Tirvellum and Arcot stations have suffered much, and two or three bridges have been swept away on the North West Line to the temporary interruption of the communications in that direction. The Ponri river was in tumultuous flood when I saw it on the 5th, but it has not yet been ascertained whether the ancient has received further damage than that already noticed in my Season Report. There are, however, I am informed several bad breaches in two of its subsidiary channels. The storm seems to have broken most heavily over the tract of country between Sholinghur and Gudiattum. The damage to gardens, orchards, avenue trees, and house property has been very great. The tanks are all full to over flowing, and the rivers are still in partial fresh.
