G.O. No. 3014-3015 Press Mis.

69-71

Dated 13—12 1865.

***Not to be folded or roughly handled***

*Proceedings of the Madras Government, Revenue Department,*
*13th December* 1865.

No. 69. Read the following letter from the Conservator of Forests, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 20th November 1865, No. 1,513:—

1. With reference to the Proceedings of the Government of India, dated 7th August 1865, No. 1,693, communicated in G. O. of the 29th August 1865, No. 2,020, I have the honor to submit the Budget Estimate of the Forest Department for the official year 1866-67, with an explanatory Memorandum.

2. The receipts of the current official year have been reduced from Rupees 4,00,000 to 3,80,000, as the actuals of the Anamallay* and Mudumallay ranges are likely to fall short of the estimated amount by Rupees 50,000, there having been no revenue from the former, and very little from the latter forests during the first half of the year. As a partial set off against this deficiency an increase of Rupees 30,000 over the estimates will probably be realized before the close of the year in other ranges.

3. With respect to expenditure, provision has been made in the Budget Estimate for certain small extra establishments to effect extended operations which have been proposed by some of the Range Officers, and are considered absolutely necessary by Captain Beddome and myself. The detailed reasons are given in separate† letters accompanied by a tabular Statement.

† Nos. 1,501, 1,502, and 1,504, of 18th November 1865.

4. The estimated receipts and charges of 1866-67 exceed those sanctioned for the current year by Rupees 55,000, and Rupees 42,224 respectively. The estimate of increased revenue is based upon the circumstance that several valuable forests are now being systematically worked by the Department with more efficient establishments than formerly, whilst the expenditure includes the cost of those extended operations.

5. I request the favor of being supplied with twenty-five printed copies of the Forest Budget, after it has received the sanction of Government, for transmission to Range Officers.

No. 70. Order thereon, 13th December 1865, No. 3,014.

**Forests, No. 4.**

1. With this letter the Conservator of Forests submits his Budget Estimate for 1866-67.

2. Receipts.—Dr. Cleghorn estimates the receipts of the year at Rs. 4,55,000, although he does not expect to realize in the current year more than Rupees 3,80,000, against the estimate of Rupees 4,00,000.

3. The estimates and actual results for the last two years are given in the margin, and the collections up to October last, or the first six months of 1865-66, were between 70,000 and 80,000 Rupees; it is therefore doubtful whether the receipts during the entire year will amount to even the reduced estimate of

| | Estimate. | Actual. |
|---|---|---|
| 1863-64 ... ... | 3,18,000 | 2,45,000 |
| 1864-65 ... ... | 4,70,000 | 2,98,500 |

* N. B.—The main reason for the falling off in the Revenue of the Anamallay forests is the abolition of the Indian Navy, for which all the long planks in store were prepared.

Rupees 3,80,000. With these results before them the Government cannot accept a larger estimate than Rupees 4,00,000 for 1866-67, distributed as shewn below. The revision has been made with reference to the actuals of 1864-65, and the probable out-turn of the current year.

| | Conservator's estimate. | Government estimate. |

| Wynad ... ... ... ... | 20,000 | 20,000 |
| Nellumboor ... ... ... ... | 30,000 | 30,000 |
| Total | 4,55,000 | 4,00,000 |

4. The Budget of charges, as prepared by the Conservator amounts to Rupees 3,42,224 against the estimate of Rupees 3,00,000 for the current year.

5. Central Office.—The estimate under this head, amounting to Rs. 32,930, exceeds the Budget of 1865-66 by only Rupees 230. This small increase is chiefly owing to the employment of a Record-keeper, which was sanctioned by Government in Proceedings dated 16th November 1865, No. 2,087. The regular estimate of the current year shews a large decrease in consequence of the Conservator having forfeited his salary for several months while on leave.

6. The provision made by Dr. Cleghorn for working the several forests as well as for the establishments attached to them is generally judicious, and the several items are clearly explained in his explanatory Memorandum. There is, however, room for reduction in a few instances which will be noticed.

7. South Canara.—The provision made for working the forests in this District, viz., Rupees 23,000, is more than double the sum (Rupees 10,800) entered in the Budget for the current year, the actual expenditure in 1864-65 amounted to only Rupees 9,200, and the large stock of timber now available must render extensive operations in the next year less necessary. The Government, therefore,

*Proceedings of the Madras Government, Revenue Department, 13th December* 1865.

consider Rupees 18,000 sufficient inclusive of the cost of four elephants. The increase of Rupees 2,400 under "Establishments" consist of items recently sanctioned in the Orders dated 4th September and 23rd November 1865, Nos. 2,087 and 2,875, and needs no special notice.

8. Chenat Nair, Bolumputty, and Sholacaray.—The sum of Rupees 10,000 entered for working these forests appears large, and it will be reduced to Rupees 5,000.

9. Wynad.—The sum of Rupees 13,700 entered for working these forests is large. Taking into consideration the actual results of 1864-65 both under revenue and expenditure, the Government consider Rupees 11,600 sufficient.

10. The Budget of charges as now revised, and with minor alterations to make the total a round sum, amounts to 3,30,000 as per statement annexed. The increase of Rupees 30,000 above the Budget for the current year is very moderate considering the proposed extension of operations in several forests, and the additional establishments which have been found necessary.

11. The establishments sanctioned by this Government and entered in the present Budget, but which have not yet been reported to the Government of India, are noted in the margin, and the necessary applications will be submitted in due course.

Cuddapah.

Writer on Rupees 25 for the Assistant Conservator of the Range.

North Arcot.

2 Peons on Rupees 6 each.

Poloor and Vellore.

Travelling allowance for the Overseer at Rupees 15.

South Canara.

An additional third class Overseer on Rupees 60, with travelling allowance of Rupees 15.

Travelling allowance at Rupees 15 to each of the other three Overseers now attached to the Range.

12. With these remarks the Government resolve to transmit the Budget with Dr. Cleghorn's explanatory Memorandum to the Public Works Department of the Government of India, agreeably to their Resolution in the Financial Department, dated 3rd August 1865; and copies of the Budget and of this Order will at the same time be furnished to the Accountant General.

| | Rs. | Rs. | Rs.

## Central Office

# Explanatory Memo

In the Regular Estimate for this year the pay and Allowances of the Conservator of Forests have been reduced by Rupees 6,000, Mr. Eldeghorn not having drawn pay during his six Months absence in England. On the other hand Captain Beddome has drawn Deputation Allowances at Rupees 200 per Mensem, in addition to the Pay and Allowances of 1st. Class Deputy Conservator, which has been entered under its appropriate heading. There is a Saving of Rupees 540 in the item of "Travelling allowance", Captain Beddome having drawn the Amount allowed as Officiating Conservator when absent from the Presidency in lieu of the Allowance as 1st. Class Deputy Conservator. The Savings in these two items, however, have been for the most part applied to meet the Cost of the General Establishment sanctioned by Government from time to time and to the Extra Expenses for Forest Operations in the Kurnool Range.

## Establishment

Under this head there is a slight increase in the Regular Estimate and in the Budget Estimate for 1866-67, Consequent on provision being made for the entertainment of a Reconnoissance in the Central Office, in Accordance with the Sanction of Government

"G. O dated 16th Nov. 1865 No. 2807

## Cumbum & Sirada

It is proposed to hold sales of 1,000 logs of Sal and 300 of Johns Timber (Red Cedar) averaging per log 16 and 13 cubic feet respectively in the Depôt at Ganjam, as well as of 500 Sal logs at Aska and Berhampore. Hence the Estimated receipt of Rupees 10,000 which includes the value of 5,000 Bamboos to be felled for the purpose of rafting the wood to the Coast, where they will be afterwards sold.

It is anticipated that a further Sum of Rupees 3,600 will be realized from timber and firewood removed by Merchants under the Voucher and License System.

Expenditure

Rupees 3,000 have been entered in the Regular Estimate on account of the freight to be engaged by the Superintendent of Marine for the transport to Madras of 1,000 Logs of Sal and Johns now being stored at Gopalpore agreeably to G. O. dated 5th March 1865 No. 587.

## Coleroon Forest

This Forest has been recently brought under Conservancy in Accordance with the Orders of Government Contained in G. O. dated 28th Septr. 1865 No. 2349, and a Small Establishment Sanctioned at a Monthly Cost of Rupees 84. A small Amount of Expected Revenue has therefore been fixed above for the

## Establishment

both in the Regular Estimate and in the Estimate for 1866-67, as also an Expenditure of Rs. 1000 for Experimentally working the Forest and Storing Timber at Narsapatnam, the head quarters of the Overseer and the Head Assistant Collector under whose Orders he will serve, the Collector states that there is a Considerable demand for Timber at Cocanada and other places in the Rajahmundry District.

The Sums actually required during the remaining portion of the Current year on account of the newly organized Establishment and Office Contingencies, are entered in the Regular Estimate, the full Amount being provided for in the Budget Estimate for 1866-67.

## Cuddapah

The traffic in Red Saunders, Jungle-wood and firewood having increased Considerably since the Extension of the Road to this District, the Regular Estimate and the Estimate for 1866-67 have been given at Rupees 32,000, being 7000 Rupees in Excess of the Estimate of the Current year. This increase in the Revenue Mr. Garde states, may be Confidently anticipated from a more Efficient Supervision of the Forests, which are worked partly by the Department and partly under the License System. As the Services of a Writer are now urgently required by the Officer in Charge of this range, who also Supervises North

Arcot

Arcot and Vellore and Polier from each of which Ranges Separate reports have to be forwarded, an Application has been made to Government for Sanction for the same, which is accordingly now entered in the Estimate.

North Arcot

Establishment

The necessity of employing an additional number of Peons for this Range has been recognized in para 8 of the G.O. No. 410 of the 23rd of February 1865. As the Services of two extra Peons are now much required by the Assistant Conservator a Separate Application has been made to Government for Sanction for the same and the Extra Charge is entered in the Budget.

Polier & Vellore

The Regular Estimate of these Ranges has been reduced to Rupees 3,000 as the Seignorage on Bamboos, which formed the Chief Source of income, amounting from Rupees 100 to 200 a Month in this part of the District, has been abolished under the Orders of Government dated 31st July 1865 No. 1767.

Establishment

No Gentle having earnestly solicited the grant of Travelling Allowances at the rate of 15 Rupees per Mensem to the Overseer who has to traverse an Extensive Range, the same has been provided — in the Budget, and a Separate Application has been made to Government for Sanction

Kurnool

The Estimated Revenue of this Range has been entered at 10,000 Rupees lower than the Actuals of the past official year, in Consequence partly of the abolition of the Seignorage upon Bamboos and partly because the demand for timber for the ensuing year is expected to be considerably less than that for the past season.

Establishment

The Extra Establishment Sanctioned in G.O. dated 31st July 1865 No. 1767 Accounts for the increase under this Head.

Salem

The decrease in the Regular Estimate for 1866-67 is attributed to the abolition of the Seignorage on Bamboos, immense quantities of which are exported into the Mysore Country and to Madras and Pondicherry.

Rupees 10,000 were provided in the Budget Estimate of the Current official year, for systematically working the Forests but the Regular Estimate has been reduced as from the change of the Range Officers and other Causes we have not yet been able to introduce the departmental working. A further Sum of

Rupees 10,000 entered in the Estimate for 1866-67 on account of the Construction of a 3rd. Class Road between Pennagaram and Achitty, in accordance with the G. O dated 5th November 1864 No. 2,037 does not seem to have been made use of by the Engineers Department as the road has not yet been commenced.

South Arcot.

For the same Cause as that already assigned in other Ranges, viz. the abolition of the Bamboo Seignorage, the Revenue of this Forest has fallen off Considerably - Hence the Regular Estimate and the Budget Estimate for 1866-67 have been reduced to Rs. 2,000

Expenditure

Provision has been made to the extent of Rupees 500 for Experimentally working this Range and Collecting Timber in the Depôt to be established at Coltapully, and for forming plantations to replace the trees felled by the Railway Contractors during the past 10 years.

Madura

This Forest being partly worked by the Department and partly under the Licensee System. An increase of Rupees 5,000 in the Revenue is anticipated during this and the next year. Hence the Amount of Rs. 10,000 entered in the Regular Estimates and the

Estimate

Estimate for 1866-67.

Establishment

Government having Sanctioned in G. O dated 30th June 1865 No. 1498 an Augmentation of the Pay of the Establishment to the extent of Rupees 38 per Mensem, the item has been included both in the Regular and Budget Estimates.

Anamallay.

The Regular Estimate has been reduced to Rupees 50,000 as there was no Revenue during the — first half of the Current official year. That Amount will, however it is expected — be realized before the Close of the year from the Auction Sales to be held at Coimbatore and Ponany and the timber to be supplied for the P. W. D. and the Jail works now in progress at the former Station.

Expenditure

In the Budget Estimate for 1866-67 a Sum of Rupees 10,000 is provided in excess of the Estimate of the Current official year for the removal of a large quantity of Seasoned Teak Timber lying in the Nembadrys Forests, whose lease will expire on the 1st January 1867 and it is one of the Conditions that all felled timber should be removed. The question of renewing the lease for a longer term has been referred to the Collector of Coimbatore and Malabar in view to the necessary

Arrangements

arrangements being made with the proprietor of the Forest.

## Chenat Nair, Bolumpetty & Sholacary.

The Chenat Nair Forests were temporarily leased to the Railway Company for three years but as the lease expires on the 31st of December 1865, these forests will be made over to the Officer in charge of the Coimbatore range to be worked systematically, together with the Bolumpetty and Sholacary range, as the three Forest form one continuous belt. An Establishment was authorized in G. O. dated 5th October 1865 No. 2409 and an income of Rupees 2,000 may be anticipated on the present and of 10,000 in next year.

## Expenditure

For carrying on operations and felling Teak, blackwood and other Timbers to meet the demands of the market and the P. W. Rupees 10,000 have been provided in the Estimate.

## Establishment

The cost of the Extra Establishment sanctioned in G. O. dated 6th October 1865 No. 2409 is entered, with the Amount of the Original Establishment of the Bolumpetty Forest both in the Regular Estimate and in the Budget Estimate for 1866-67.

Mudumallay.

## Mudumallay

The Regular Estimate has been reduced to Rupees 75,000 in consequence of the very limited Sales effected during the first half of the current official year, and the realization of the Estimated Amount for 1866-67, much depends upon the quantity of Timber which the Engineering Department may take for the Construction of the Lawrence Asylum and other Minor works. The present Budget Estimates, as regards both Revenue and Expenditure have been prepared at higher figures than those of the two preceding years, in anticipation of Indents from Officers of the Department of Public Works.

## Expenditure

Major Morgan calculates an outlay of Rupees 54,500 for felling and Carting 40,000 Cubic feet of Timber to Cotacamund on account of the Lawrence Asylum. This Estimate has however been reduced to Rupees 40,000, which sum provides not only for Carriage of the Timber referred to from the Depôts at Masinagody and Segur, where Teak logs to the extent of 100,000 Cubic feet were Stored at the end of last year, exclusive of the present year's Stock, but also for felling and Storing 60,000 Cubic feet in the Depot at Triplicane.

## Establishment

The slight increase is owing to the provision made for a small extra Establishment authorized in G. O. dated 15th August 1865 No. 1897, for the formation

formation of a Teak Plantation

Neilgherry Sholas.

A Sum of Rupees 6,200 has been entered by Major Morgan in the Regular Estimate as Income, while the Charges including fixed Establishment Amount to Rs. 7,830. of this 4,000 Rs. is entered as the probable cost of receiving and storing in Depots a large Amount of wood lately felled in the Davie Shola, and 2,000 as the Cost of large plantations now being formed on the Hills.

In the Budget Estimate a Revenue is given of Rupees 4,200 and a total Expenditure estimated at Rupees 4630 of which 2,000 Rs are for extended planting operations

Sigur and Sattiamangalam

The Revenue in the Regular Estimate and the Budget Estimate for 1866-67 have been estimated at Rupees 30,000. There will be no felling operations Conservancy at Sigur, as the Sandalwood trees required, next all the operations will this year take place in Sattiamangalam which has now been amalgamated with Sigur with an Extra Establishment at a cost of Rupees 136 per Mensem, vide G. O No. 778 of 10th April 1865.

Expenditures

Rupees 10,500 have been provided in the Estimates on account of the Sandalwood operations in Sattiamangalam

South Canara.

Considering the large quantity of Timber on hand at the end of last year valued at Rupees 28,885, to which is to be added the stock of the current official year, the Revenue of this Forest for 1866-67. has been raised from Rupees 25,000 to 35,000 which Sum should at least be realized as Mr. Thompson will now work the Ghaut Forests on an extended Scale. The total Charge of Rupees 23,000 includes an item of Rs. 8000 authorized by Government for the purchase of 4 Elephants, which accounts for the increase in the Budget of 1866-67.

+ G. O. No. 2,510 dated 16th Oct. 1865.

Establishment.

As the Department is now working the forests of this district, an Extra Overseer on a Salary of Rs. 60 is required for the Candapone Taluq where there is much boat building and a Considerable demand for timber, it is also necessary to grant travelling allowance of Rs. 15 per Mensem to each of the Overseers - Rupees 1440 therefore is entered in the Budget to meet these Charges and a Separate Application has been made to Government for Sanction. By G. O. No. 2089 of the 4th of September 1866 Mr. Thompson was promoted to the grade of 3rd Class Deputy Conservator this entails an Extra Expenditure of Rs. 960 for

the

the year which has accordingly been entered in the Budget.

Mysore

There is a Saving of Rupees 3180 from the Pay and Allowances of the Officer lately in Charge of this Range, the present Assistant being a third Class Deputy draws a Consolidated Salary of Rupees 500 in lieu of Rs 760 drawn by his predecessor Major Gibb

Malabar

The increase in the Regular and Budget Estimates for 1866-67 is owing to the promotion of the Assistant Sanctioned in G. O. dated 1st August 1865 No 1778, and which takes place on the 21st of November in the present year and causes a monthly increase of 80 Rs. The pay of the Timber Depôt Clerk has also been increased from Rupees 15 to 40 per Mensem agreeably to the Orders Sanctioned in G. O. dated 25th March 1865 No 666.

The Details of this Budget have been examined by Captain Beddome who has been in Charge since 1st May last.

The Budget of charges as prepared by the Conservator amounts to Rs. 3,42,224 against the estimate of Rs. 3,00,000 for the current year.

Central Office.

The estimate under this head amounting to Rs. 32,930 exceeds the Budget of 1865/66 by only Rs. 230. This small increase is chiefly owing to the employment of a Record Keeper which was sanctioned by Govt. in Progs. dated 16th Nov. 1865, No. 2087. The Regular estimates of the current year shows a large decrease in consequence of the Conservator not having forfeited his salary for several months while on leave.

The provision made by Dr. Cologhoun for a man King the several Foreboo as well as for the establishment attached to them is generally judicious,

and

and the several items are clearly explained in his explanatory Memorandum. There is however room for reduction in a few instances which will be noticed.

South Canara.

The provision made for working the Forests in this District viz Rs. 23,000 is more than double the sum (Rs. 10,800) entered in the Budget for the current year. The actual expenditure in 1864/5 amounted to only Rs. 9,200, and the large stock of timber now available must render extensive operations in the next year less necessary. The Government there-fore consider Rs. 18,000 sufficient inclusive of the cost of 4 Elephants. The increase of Rs. 2,400 under "Establishments" consist of items recently sanctioned in the orders dated 4th September and 23rd November 1865, Nos 2087 & 2875 & needs no special notice.

Cheval Chair.

Bo-humpully & Cholacaray.

The sum of Rs. 10,000 entered for working these Forests appears large, and it will be reduced to Rs. 5,000.

Wynad.

The sum of Rs. 13,700 entered for working these Forests is large. Taking into consideration the actual results of 1864/65 both under revenue and expenditure, the Govt. consider Rs. 11,000 sufficient.

The Budget of charges as now received and with minor alterations to make the total a round sum, amounts to 330,000 as per statement annexed. The increase of Rs. 30,000 above the Budget for the current year

very

very moderate considering
the proposed extension of
operations in several forests
and the additional establish-
ments which have been found
necessary.

The establishments
sanctioned by this Govt and
entered in the present budget
in that which have not yet been
reported to the Govt of India
are noted in the margin, and the
necessary applications will be
submitted in due course.

With these remarks the
Govt resolve to transmit the
Budget with the explanatory memorandum to the
S. of S. Department of the Govt
of India agreeably to their resolu-
tion in the Financial
Department dated 3rd August
1865; and copies of the Budget
and of this order will at
the same time be forwarded
to

Cuddalapah
1 Writer on Rs 25 for the Superintendt
Comr of the Ranges.
