*Proceedings of the Madras Government, Revenue Department,
13th February 1865.*

No. 251. Read the following Proceedings of the Board of Revenue, dated 27th January 1865, No. 478.

Read the following letter from G. L. MORRIS, Esq., Collector of South Canara, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Mangalore, 13th January 1865, No. 5:—

1. According to the Order of Government, dated 14th March 1864, No. 441, the expenditure incurred in supplying the Laccadivi Islanders with provisions from Bombay in 1863, was to be recovered from them in three annual instalments.

2. The first instalment was due during the trading season of 1864, but in consequence of the absence of the requisite accounts, and of the Monegar, who was detained in the Islands on urgent business, the Islanders returned to their homes during last March and April without any part of the instalment due from them having been collected.

3. Under these circumstances, I intended to recover two instalments from the Islanders this season, and postponed my report to the Board on the subject, until I could obtain exact information as to their condition through my Assistant, Mr. Daniel, who was to have proceeded to the Islands in November last. Mr. Daniel was, however, ordered to the Bombay Presidency in October, and being without any Assistant, I am unable to send any one over, as I had hoped to have done.

4. In the meantime, I have received an address from the principal inhabitants of the Islands, in which they state that they will be subjected to great hardship, if two instalments are collected in one season, and it has also been brought to my notice that they have suffered very much from Cholera during the past season; 575 persons having been carried off between February and May 1864.

5. Under these circumstances I beg to propose that another year be granted for the payment of the whole of the debt due by these Islanders, and that the same be collected in three equal instalments as per margin.
